Farmer Fund for Needy Persons for the term of four years, to fill vacancy; one Cemetery Commissioner, for three years; six Con-

stables, for one year; one Park Commissioner, for three years; one member of the Planning Board for three years; one member of the Board of Health, for three years; one Tree Warden, for one year. Also, to choose or appoint all the other usual town officers, in such manner as the Town may determine. Also, upon the same ballot to vote "yes" or "no" upon the question, "Shall licenses be granted for sale of intoxicating liquors in this Town?" Also, upon the same ballot to vote "yes" or "no" upon the question, "Shall Chapter 795, Acts of 1914, being 'An Act to provide for the better prevention of fires throughout the Metropolitan District,' be accepted by the inhabitants of the Town of Arlington?" For these purposes the polls will be open as soon as possible after the organization of the meeting and kept open until 5 o'clock P.M.

ART. 3. To hear and act on the reports of the Selectmen and other Town Officers and Committees heretofore appointed.

ART. 4. To make an appropriation for the Robbins Library for the ensuing year.

ART. 5. To make an appropriation for the Public Schools for the ensuing year, and determine in what manner the same shall be expended.

ART. 6. To determine in what manner the Town ways, highways and bridges shall be repaired the ensuing year.

ART. 7. To determine what sum of money the Town shall raise by general tax, to defray Town expenses, interest, debt and State Aid, and make an appropriation for the same.

ART. 8. To see if the Town will appoint the Selectmen agents of the Town, to institute and prosecute in favor of the Town, and appear and defend suits and legal proceedings against or involving the interests of the Town, with power to employ counsel therein and, when necessary, in all other legal matters and business appertaining to Town affairs during the year commencing March 1, 1915.

ART. 9. To see what action the Town will take in relation to the appointment of a Committee of Twenty-one for the ensuing year.

ART. 10. To see if the Town will appropriate the sum of $275 for the proper observance of Memorial Day, the same to be expended under the direction of Francis Gould Post 36, G. A. R.

ART. 11. To see if the Town will appropriate $7000 in accord-

ance with the vote passed December 6, 1904, for water used for fire hydrants, street-watering and public buildings for the ensuing year.

Art. 12. To see what action the Town will take in regard to extension of water mains, make an appropriation for the same, and determine in what manner the money shall be raised.

Art. 13. To see if the Town will make an appropriation for the construction and repair of permanent sidewalks.

Art. 14. To see if the Town will make an appropriation for the maintenance of the Sewerage System for the ensuing year, and determine in what manner the money shall be raised.

Hereof, fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this fifteenth day of February, in the year of our Lord one thousand nine hundred and fifteen.

FRANK V. NOYES,
THOMAS J. DONNELLY,
WILLIS P. HOWARD,
Selectmen of the Town of Arlington.

Constable's Return.

Arlington, February 27, 1915.

Middlesex County.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant at the door of the Town Hall, in said Arlington, seven days at least before said day of meeting. A notice of said meeting was published in the *Arlington Advocate.*

WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant, the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, met in the Town Hall, in said Arlington, on Monday, the first day of March, in the year of our Lord one thousand nine hundred and fifteen, and were called to order at six (6) o'clock in the morning by the Town Clerk, who read articles one (1) and two (2) of the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

By unanimous consent the reading of the remaining articles was postponed until the adjourned meeting.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett, being the unanimous choice of the assembled citizens, was sworn to the faithful discharge of his duties by the Town Clerk.

Article 2 taken up. (Election of Town Officers.)

The following election officers having been appointed by the Selectmen, were sworn to the faithful performance of their duties and assigned as follows:

Ballot Clerks — A to L: Joseph J. Duffy and Oscar Johnson. M to Z: Frank B. Records, Jr., and George J. White.

Ballot Boxes — A to L: Oscar Schnetzer and Frank F. Russell. M to Z: Frank Y. Wellington and Thomas Grey.

Inspectors — Edward J. Sweeney and John J. McCarthy.

Tellers — Chester Hoyt, Frank Kenney, Thomas J. Doherty, Frank Dunn, Charles G. Barry, Conrad Gallagher, John F. Buckley, Frank E. Callahan, Edward J. Beales, Walter R. Grannan.

Special Tabulators — George McK. Richardson and George H. Peirce. A sealed package of ballots was then delivered to the Moderator, who publicly broke the seal and delivered the ballots to the ballot clerks.

A package of women's ballots was also delivered to the ballot clerks.

Lists of registered voters, both men and women, were supplied by the Registrars of Voters, to the ballot clerks and checkers at the ballot boxes.

The law requiring the posting of cards of instructions to and penalties on voters was complied with, and these cards were posted in conspicuous places as well as in each booth.

In compliance with the laws of the Commonwealth governing elections, the Town Hall was fitted up as a polling place, a space railed off, and booths and shelves provided for the use of the voters, to examine and mark their ballots.

The ballot boxes were examined by the Moderator and the Town Clerk and were found to be empty and the register set at zero.

The keys were then delivered into the hands of Constable John Duffy, and remained in his custody until the close of the meeting.

The polls were declared open for the reception of votes for Town Officers at eight (8) minutes after six (6) o'clock in the

morning and remained open until five (5) o'clock in the afternoon, at which time, after due notice, they were declared closed.

The ballot boxes were, by unanimous consent, opened at various times during the day, for the purpose of removing ballots to be counted, as follows:

At 9.30 o'clock box number 1 registered 596. Box number 2 493. Total 1069.

At 11 o'clock box number 1 registered 690. Box number 2 559. Total 1249.

At 12 o'clock box number 1 registered 763. Box number 2 615. Total 1378.

At 3 o'clock box number 1 registered 998. Box number 2 795. Total 1793.

At 4 o'clock box number 1 registered 1066. Box number 2 852. Total 1918.

At 5 o'clock box number 1 registered 1119. Box number 2 898. Total 2017.

At the close of the polls (5 o'clock), the number of votes cast was, as stated above, 2017. Of this number 43 were women's votes, leaving the total number of men voting 1974.

The names checked at the ballot boxes and those checked by the ballot clerks were counted and found to agree with the number registered by the ballot boxes, viz.: two thousand seventeen (2017).

The ballots not used, both men's and women's, were enclosed in a package, sealed and delivered to the Town Clerk.

The ballots cast were then canvassed by the Moderator, Town Clerk and Tellers and declaration made thereof at 10 minutes after 10 o'clock as follows:

Voted: That when this meeting adjourns it adjourn to meet in this hall Thursday evening, March 25, 1915, at 7.30 o'clock.

Meeting adjourned at fifteen minutes after ten o'clock.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

Arlington, March 2, 1915.

I hereby certify that I have this day appointed Edna C. Pierce Assistant Town Clerk, and that she has taken the oath required under Chapter 25, Section 62 of the revised laws, for the faithful performance of her duties.

THOMAS J. ROBINSON, *Town Clerk.*

Pursuant to adjournment the citizens of Arlington, qualified to vote in elections and town affairs, met in the Town Hall, in said Town, on Thursday, the twenty-fifth day of March, 1915, and were called to order at thirty minutes after seven o'clock in the evening, by the Moderator, John G. Brackett.

Articles 1 and 2 of the Warrant having been disposed of, on motion of Louis B. Carr, Chairman of the Committee of Twenty-one, Article 3 was taken up.

Article 3 taken up. (Reports of Committees.)

Peter Schwamb reported for the Committee on Building Laws, stating that the entire matter of fire-proof roofs (the particular subject referred to the Committee) was now before the Legislature, with a view to having uniform requirements over the entire State.

The Committee recommended that when the Legislature acted the matter be taken up by the Town.

The report was accepted as progressive and ordered filed. File number 845.

The Committee on By-Laws made no report.

Professor Schwamb requested to be allowed to present the report of the Committee on Bathing Facilities under Article 23, and this permission was granted.

Herbert A. Snow presented the report of the Committee on Playgrounds, and the report was received.

The report of the Committee presented four different parcels of land that could be purchased at a reasonable figure and converted into admirable playgrounds. The Committee recommended, at a cost not to exceed $5000 (including land and grading) site number 4 known as the Leary site. The report of the Committee was accepted as progressive and ordered filed. File number 840.

Professor Schwamb requested permission to present the report of the Committee on motorizing the pieces of fire apparatus not

now motorized under Article 25, and this permission was granted.

Mr. Carr then presented the report of the Committee in printed form and the same was received.

Voted: That the various articles in the Warrant calling for an appropriation be now taken up, and that the recommendations of the Committee of Twenty-one, under the articles in their report, except Articles 25, 38 and 40, be considered as now before the meeting, to be voted on without further mention, separately, and in the order in which they appear in said report.

Voted: That the reports of the various Town Officers as represented in their own reports, together with the addition of tables of statistics of the Assessors and Committees heretofore appointed, be accepted.

Voted: On motion of Truman L. Quimby—

That the revaluation of the public property account, viz.: real estate, personal property and trust funds be referred to a Committee of three, to be appointed by the Moderator, said Committee to have authority to make recommendations and to report to the Town on or before the next annual meeting. The Moderator appointed Joseph C. Holmes, William A. Muller, and Louis B. Carr to serve on this Committee.

John R. Foster presented the report of the Committee appointed to procure a strong box and to place therein such documents and data pertaining to the dedication of the new Memorial Town Hall, as the Committee should select. The report stated that the Committee had provided a strong box into which had been placed records of the presentation and dedication of the Hall, an illustrated book containing photographs and autographs of President Wilson and Governor Eugene N. Foss, portraits of the donors of the building, illustrations of the principal buildings and streets of the Town, photographs of the pageant given by the women of the Town in honor of the presentation of the Town Hall, and many interesting documents added by the Misses Robbins. The Committee recommended that the box be closed, the key deposited with the Town Clerk, and that he be authorized to open it only on request of suitable persons and that its contents be examined only in his presence.

The report was accepted, the recommendations adopted and the Committee discharged. File number of report 842.

Article 3 was then laid on the table.

Voted: That when this meeting adjourns it adjourn to meet in this Hall, Thursday evening, April 1, 1915, at 7.30 o'clock.

Given under our hands at said Arlington, this third day of May, in the year of our Lord one thousand nine hundred and fifteen.

WILLIS P. HOWARD,
THOMAS J. DONNELLY,
HORATIO A. PHINNEY,
Selectmen of the Town of Arlington.

Constable's Return.

Arlington, May 20, 1915.

Middlesex County.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant at the doors of the Town Hall, in said Arlington, seven days at least before said day of meeting. A notice of said meeting was also published in the *Arlington Advocate*, May 7 and May 14, 1915.

WILLIAM T. CANNIFF, *Constable of Arlington.*

Pursuant to the foregoing Warrant the inhabitants of the Town of Arlington, qualified as the law requires to vote in elections and town affairs, met in the Town Hall, in said Arlington, on Thursday the twentieth day of May, in the year of our Lord one thousand nine hundred and fifteen, at thirty minutes after seven o'clock in the evening, and were called to order by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was the unanimous choice of the meeting for Moderator and he was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Reports of Committees.)

On motion of John R. Foster, Chairman of the Finance Committee of Twenty-one, the following vote was passed.

Voted: That Article 3 and subsequent articles in the Warrant be now taken up, and that the recommendations of the Finance Committee of Twenty-one under these articles be considered as now before the meeting, to be voted on without further motion separately and in the order in which they appear in the printed report of said Committee.

Article 3 taken up. (Grading grounds of new High School.)

Voted (by a two-thirds vote): That there be appropriated the sum of eleven thousand (11,000) dollars to be expended by the High School Building Committee for grading the new High School lot; that said sum be raised by the issue of eleven (11) serial notes of one thousand (1000) dollars each, the first coming due in 1916, and one each in the ten following consecutive years, and said notes bearing a rate of interest not exceeding four per cent.

Article 4 taken up. (Equipment of new High School.)

Voted (by a two-thirds vote): That the sum of eighteen thousand five hundred dollars be appropriated to be expended under the direction of the High School Building Committee for furnishing the new High School building, that said sum be raised by the issue of eighteen (18) serial notes, one of $1500 to come due in 1916 and one of $1000 to come due in each of the next seventeen consecutive years, and to bear a rate of interest not exceeding four per cent.

Article 5 taken up. (Authority of Selectmen to demolish buildings.)

Voted: That the Board of Selectmen be authorized to demolish the old buildings now on the new High School site, getting such financial returns for the material as they may be able.

Article 6 taken up. (Swimming pool in new High School.)

Voted: The Committee recommended, and it was so voted, that no action be taken under this article.

Article 7 taken up. (Care and maintenance of trees.)

Voted: That the Tree Warden be authorized to expend from the "appropriation for insects other than the Gypsy and Brown-Tail Moths," passed at the annual March meeting of 1915, a sum not to exceed seven hundred fifty (750) dollars for the general care of trees and the purchase of new ones.

Article 8 taken up. (Permanent sidewalks.)

Voted: The Committee recommended, and it was so voted, that no action be taken under this article.

Article 9 taken up. (Joint Board to deliver deed to Town of Lexington.)

Voted: That the Joint Board of Selectmen and the Board of Public Works be authorized to execute and to deliver to the Town of Lexington a deed releasing to said Town of Lexington for use as a street or way a strip of land belonging to the Town of Arlington and situated near Bow Street, in that part of Lexington known as East Lexington.

Article 10 taken up. (Ratification of conveyance to Commonwealth.)

Voted: That the Town of Arlington hereby ratify and confirm the conveyance dated April 22, 1915, to the Commonwealth of Massachusetts, through its Board of Metropolitan Park Commissioners of a certain parcel of land extending from Mystic Street along lower Mystic Lake (and being shown on Metropolitan Park Commissioners' Plan No. 688, to be recorded with Middlesex South District Deeds), made by the Board of Park Commissioners and the Board of Cemetery Commissioners in behalf of the Town in accordance with the provisions of Chapter 188 of the Special Acts of the year 1915 of the Legislature of the said Commonwealth.

Article 11 taken up. (Purchase of a pulmotor.)

The Committee recommended, and it was so voted, that no action be taken under this article.

Article 12 taken up. (Acceptance of parcels of land on Summer Street.)

Voted: That the Town accept the parcels of land taken by the Joint Board of Selectmen and Board of Public Works, under the date of April 29, 1915, by virtue and under the authority of Chapter 443 of the Acts of 1904, and amendments thereto; said parcels being more particularly described in Article 12 of the Town Warrant.

Article 13 taken up. (Analysis of tax rate.)

Voted: That an analysis of the tax rate be sent out with the tax bills, the said analysis to be printed on a separate sheet of paper.

Article 14 taken up. (Removal of restrictions on Reservoir.)

It was voted that no action be taken under this article.

Article 15 taken up. (Data on efficiency.)

The Committee recommended, and it was so voted, that no action be taken under this article.

Meeting dissolved at 10.20 P.M.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

The number attending this meeting, as determined by the Constable in charge of the turnstiles, was 189.

THOMAS J. ROBINSON, *Town Clerk.*

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 2 P.M. to 8 P.M.

And you are directed to serve this Warrant by posting attested copies thereof, seven days at least before the time of said meeting, as directed by vote of the Town.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, at the time and place of said meeting.

Given under our hands this eighth day of September, A.D., 1915.

WILLIS P. HOWARD,
THOMAS J. DONNELLY,
HORATIO A. PHINNEY,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

Arlington, September 21, 1915.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified as the law directs to vote in primaries, to meet at the time and place and for the

purposes herein named, by causing a printed attested copy to be left at every dwelling house in the Town and also by posting an attested copy on the doors of the Town Hall, seven days at least before said day of meeting.

WILLIAM T. CANNIFF, *Constable of Arlington.*

Pursuant to the foregoing Warrant, the voters of the Town of Arlington qualified to vote in primaries met in the Town Hall, the twenty-first day of September, in the year of our Lord one thousand and nine hundred and fifteen, and were called to order at two (2) o'clock in the afternoon, by Willis P. Howard, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return of the Constable who served the same upon the inhabitants.

Under the law governing primaries, Mr. Howard served as Chairman of the meeting.

The law governing the elections prevailed and the Town Hall was fitted up as a polling place, a space railed off and steel booths provided for the use of voters to examine and mark their ballots.

Each booth was supplied with suitable facilities for the purpose, and cards of instructions to and penalties on voters were posted.

The following election officers having been appointed by the Selectmen were sworn to the faithful performance of their duties by the Town Clerk, and assigned as follows:

Ballot Clerks — Charles P. Ladd, Jr., Chester Hoyt, Frank C. Kenney and William D. Grannan.

Ballot Boxes — Frank Y. Wellington, George C. Tewksbury, George H. Peirce and Frank F. Russell.

Inspectors — George Howland, John F. Buckley, James E. Sweeney and Herbert M. Rowe.

Tellers — Ernest H. Freeman, Oscar A. Schnetzer, David T. Dale, George M. Richardson, Joseph J. Duffy and John E. Robinson.

Sealed packages of ballots, supplied by the Secretary of the Commonwealth, were then delivered to the election officers by the Town Clerk. These ballots were publicly opened and given to the ballot clerks for distribution to the voters.

Specimen ballots, cards of instruction and penalties on voters

were conspicuously posted for the information of voters as in the case of a State or Town election.

The ballot boxes were examined by the presiding officer and the Town Clerk, and were found to be empty and the register set at zero.

Lists of registered voters were supplied the election officers by the registrars of voters.

At five (5) minutes after two (2) o'clock, the polls were declared open and remained open until eight (8) o'clock, at which time after due notice they were declared closed.

In accordance with the law, the ballot boxes were not opened until the close of the polls.

At the close of the polls eight (8) o'clock, the registers on the boxes showed that eight hundred nine (809) ballots had been cast, which on being removed were found to be divided as follows: Republican 675, Democratic 125, Progressive 9.

The ballot clerks and tellers counted the names checked by them and found the number to agree with the number registered by the ballot boxes, eight hundred nine (809).

The ballots were sorted, counted and announcement made of the result at forty-five minutes after nine o'clock, as follows:

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, SS.

To either of the Constables of the Town of Arlington.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires to vote in elections and town affairs, to assemble in the Town Hall, in said Town, Tuesday, the second day of November, next, it being the Tuesday next after the first Monday in said month, at 6 A.M., then and there to act on the following articles, viz.:

ARTICLE 1. To bring in their votes to the Selectmen for a Governor; a Lieutenant-Governor; a Secretary; a Treasurer and Receiver-General; an Auditor of Accounts; an Attorney-General of the Commonwealth; a Councillor for the Sixth Councillor District; a Senator for the Sixth Middlesex District; a Representative in the General Court for the Twenty-ninth Representative District in the County of Middlesex; a County Commissioner for three years; a County Treasurer for three years; a Sheriff for Middlesex County for three years.

To vote "Yes" or "No" on the acceptance by the Town of Chapter 129, Resolves of 1915, entitled "Resolves to provide for submitting to the people the article of amendment of the constitution empowering the general court to authorize the taking of land to relieve congestion of population and to provide homes for citizens."

To vote "Yes" or "No" on the acceptance by the Town of Chapter 130, Resolves of 1915, entitled "Resolves to provide for

submitting to the people the article of amendment of the constitution striking the word 'male' from the qualifications of voters."

To vote "Yes" or "No" on the acceptance by the Town of Chapter 140, Resolves of 1915, entitled "Resolves to provide for submitting to the people the article of amendment of the constitution relative to the authority of the general court to impose taxes."

All the above to be voted for on one ballot. The polls will be opened immediately after the organization of the meeti g and will be kept open until 4 o'clock and thirty minutes in the afternoon, and as much longer as the meeting directs, provided that the time shall not be after 8 o'clock in the evening.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this eighteenth day of October, in the year of our Lord one thousand nine hundred and fifteen.

WILLIS P. HOWARD,
THOMAS J. DONNELLY,
HORATIO A. PHINNEY,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

Arlington, November 1, 1915.

MIDDLESEX COUNTY.

By virtue of the foregoing Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant at the doors of the Town Hall, in said Arlington, seven days at least before said day of meeting.

WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified as the law directs, to vote in elections and town affairs, met in the Town Hall, in said Arlington, on

Tuesday, the second day of November, in the year of our Lord one thousand nine hundred and fifteen, it being the first Tuesday after the first Monday in said month and were called to order at six (6) o'clock in the forenoon by Willis P. Howard, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants. Mr. Howard continued to act as Chairman of the meeting, being relieved at times by Selectmen Donnelly and Phinney.

In accordance with the law governing elections the Town Hall was fitted up as a polling place, both sides of the hall being equipped with steel voting booths (twenty on each side), and a space railed off separating the voters from the spectators.

The booths were fitted with all conveniences for the examination and marking of ballots.

Cards of instructions to and penalties on voters were displayed both in the booths and at the approaches thereto.

The following citizens, having been appointed by the Selectmen as election officers, were sworn to the faithful performance of their duties by the Town Clerk and assigned as follows:

Ballot Clerks — Charles P. Ladd, Jr., Frank E. Kenney, Joseph J. Duffy and Clayton Hilliard.

Checkers at Ballot Boxes — Frank Y. Wellington, George C. Tewksbury, Frank F. Russell and George H. Peirce.

Inspectors — John J. McCarthy, Arthur E. Perkins, John F. Buckley and Chester E. Hoyt.

Tellers — John Z. Lawson, George Howland, Charles A. Paine, Herbert L. Converse, Oscar A. Schnetzer, James E. Sweeney, William D. Grannan, David T. Dale, John B. Meaney, Fred G. Wilder, Daniel E. Murphy, George White, John E. Robinson and George M. Richardson.

A sealed package of ballots, containing 3500, supplied by the Secretary of the Commonwealth, was then delivered by the Town Clerk to the presiding officer, who publicly broke the seal and delivered the ballots to the ballot clerks.

The ballot boxes were examined by the presiding officer and the Town Clerk and were found to be empty and the registers set at zero.

A list of registered voters was supplied to the ballot clerks and checkers at the ballot boxes by the Registrars of Voters.

At five (5) minutes after six (6) o'clock in the morning the polls were declared open for the reception of votes and were kept open until thirty (30) minutes after four (4) o'clock in the afternoon, at which time, after due notice, they were declared closed.

During the day, from the opening of the polls until the same were closed, the keys of the ballot boxes were in the custody of Constable John Duffy.

By unanimous consent the ballot boxes were opened at various times during the day for the purpose of removing ballots to be counted.

At 7 o'clock the boxes registered the number of votes cast as follows:

At seven o'clock	A to L	234		
	M to Z	170	Total	404
At eight o'clock	A to L	497		
	M to Z	400	Total	897
At nine o'clock	A to L	740		
	M to Z	627	Total	1367
At ten o'clock	A to L	822		
	M to Z	693	Total	1515
At eleven o'clock	A to L	892		
	M to Z	745	Total	1637
At twelve o'clock	A to L	938		
	M to Z	795	Total	1733
At two o'clock	A to L	1132		
	M to Z	911	Total	2043
At three o'clock	A to L	1200		
	M to Z	976	Total	2176
And 4.30 o'clock	A to L	1324		
And close	M to Z	1067	Total	2391

At four-thirty (4.30) o'clock the registers on the ballot boxes showed that two thousand three hundred and ninety-one (2391) votes had been cast. This was the total vote cast, the largest in the history of the Town. The unused ballots (1109) after being counted by the ballot clerks, were sealed up and delivered to the Town Clerk, together with the number cast (2391), these two

amounts accounting for the total number of ballots received from the Secretary of the Commonwealth, viz.: 3500.

The Chairman, Town Clerk and Election Officers canvassed the votes given in and the whole number was found to be two thousand three hundred and ninety-one (2391) which were sorted, counted and declaration made thereof in open meeting by the Town Clerk at forty minutes after five o'clock in the afternoon as follows:

On the question "Shall the proposed amendment to the constitution, empowering the general court to authorize the taking of land to relieve congestion of population and to provide homes for citizens, be approved and ratified?" the following result was announced: Voting "Yes" fourteen hundred and eighty-one (1481). Voting "No" five hundred and eighteen (518).

Blanks, three hundred ninety-two (392).

On the question "Shall the following proposed amendment to the constitution, enabling women to vote, be approved and ratified" the following result was announced: Voting "Yes" eight hundred fifty-seven (857). Voting "No" fourteen hundred ten (1410).

Blanks, one hundred twenty-four (124).

On the question "Shall the proposed amendment to the constitution, relative to the taxation of incomes and the granting of

reasonable exemptions, be approved and ratified?" the following result was announced: Voting "Yes" fifteen hundred thirty-seven (1537). Voting "No" four hundred seven (407).

Blanks, four hundred forty-seven (447).

The election returns were filled in, signed by the Selectmen and countersigned by the Town Clerk, and were delivered to the Town Clerk to be forwarded by him to the several places of destination.

All business calling the meeting having been disposed of, the presiding officer, at forty-five minutes after 6 o'clock, declared the meeting dissolved.

MEETING OF TOWN CLERKS.

Arlington, November 12, 1915.

Pursuant to law the Town Clerks of Arlington and Lexington met in the office of the Town Clerk of Arlington, on Friday the twelfth day of November in the year of our Lord one thousand nine hundred and fifteen, at 12 M., for the purpose of canvassing the votes cast on the second day of November for a representative to the general court of the Commonwealth to represent the Twenty-ninth Middlesex District.

The canvass showed the following result of the votes cast in Arlington and Lexington:

In Arlington Jacob Bitzer had eighteen hundred twenty-nine (1829) and in Lexington, seven hundred twenty-seven (727), making a total in the two towns of twenty-five hundred and fifty-six (2556).

As there was no other candidate the returns showed that Jacob Bitzer had a plurality of the votes cast in both Towns. Two certificates were filled out, signed by the Clerks of both towns, one sent to the Secretary of the Commonwealth and one to be delivered to Jacob Bitzer of Arlington.

THOMAS J. ROBINSON, *Town Clerk of Arlington.*
CHARLES W. SWAN, *Town Clerk of Lexington.*

REPORT OF THE BOARD OF SELECTMEN.

The following report is submitted by the Board of Selectmen to the citizens on matters coming under the control of the Board together with such recommendations as they consider worthy the attention and consideration of the Town.

Organization of the Board for 1915.

At the annual March meeting of 1915 the Town having returned to the system of electing the Selectmen for a term of one, two and three years, Willis P. Howard was elected for one year, Thomas J. Donnelly for two years, and Horatio A. Phinney for three years. The Board met in the Selectmen's office on Monday evening, March 1, 1915, and organized with Willis P. Howard as Chairman and Thomas J. Robinson as Clerk.

The duties of the Board are mostly of a statutory nature and include the supervision and control of the Police Department, Fire Department, Outside Poor, Public Lands and Buildings, Soldiers' Relief, State Aid, Military Aid, Gypsy Moth Work, Licenses of all kinds, and other matters pertaining to Town officers and not provided for by Statute Law.

In matters pertaining to Highways, Street Lighting, Franchises, Pole Locations, etc., the Board acts with the Board of Public Works as the Joint Board.

Standing Committees.

Willis P. Howard, Police Department and Public Lands.

Thomas J. Donnelly, Fire Department, State Aid, Military Aid and Soldiers' Relief.

Horatio A. Phinney, Outside Poor, Town House and Public Buildings.

As Overseers of the Poor.

Horatio A. Phinney, Chairman.

Thomas J. Robinson, Agent and Clerk.

Town Debt and Tax Rate.

On December 31, 1914, the fixed debt was	$792,250.00
Amount paid during the year	41,950.00
	$750,300.00
Amount added during the year	65,500.00
On December 31, 1915, the fixed debt is	$815,800.00

While it will be seen from the Treasurer's Report that $139,500 in notes and bonds were issued in 1915; $74,000 of this sum was authorized in 1914, but not issued until 1915, and was included in the report of 1914, showing the net debt at the close of 1914 as $792,250.

The loans authorized and issued in 1915 amounting to $65,500 were as follows:

New High School furnishings	$18,500.00
New High School grading, etc.	11,000.00
Summer Street Extension	12,500.00
Water Extensions	12,000.00
New Fire Apparatus	2,000.00
New Streets	9,500.00
	$65,500.00

Sinking Fund.

The amount of this fund on December 31, 1914, was		$93,672.94
Amount added during the year:		
For Interest on Fund	$4,168.22	
By Appropriation	14,550.00	
		18,718.22
		$112,391.16
Amount paid from fund during the year:		
Rent of Safety Deposit Vault		10.00
On December 31, 1915, the Sinking Fund is		$112,381.16

Nothing was paid out of this fund in 1915 and none will be paid until 1922.

The fund is divided and classified as follows:

Water Loans	$83,129.44
Sewer Loans	26,240.11
Town House Site Loans	2,532.36
Park Loans	479.25
	$112,381.16

Taxable Property, State and Cemetery Taxes and Tax Rates.

The taxable property in the Town, both real and personal, as reported and assessed by the Assessors for the year 1915, was as follows:

Personal Property		*Real Estate*	
1914	*1915*	*1914*	*1915*
$2,046,807.00	$2,417,831.00	$13,765,955.00	$14,879,529.00

Showing an increase in personal property of $371,024 and an increase in real estate of $1,484,589 over 1914 and making the total taxable property of the Town in 1915, both real and personal, $17,297,360. If the tax on the above property could be devoted to Town purposes only, the tax rate would be about $17, but we are called upon to pay the State, County, Metropolitan and other taxes levied by the State, amounting to $80,000, and necessitating the raising of our tax rate to $21.80. In other words, the maintenance of our Town departments costs the citizens of our Town $17.49 on every $1000, while this tax we are called upon to pay to the State and County amounts to $4.31 on each $1000 taxes paid.

State, County and Metropolitan Taxes.

	1915	*1914*	*Increase*
State Tax	$35,197.50	$31,587.50	$3,610.00
County Tax	18,300.00	17,322.62	977.38
Metropolitan Sewer Tax	14,540.00	14,611.90	71.09*
Metropolitan Park Tax	7,904.05	7,748.82	155.23
Metropolitan Water Tax	17,850.63	16,583.39	1,266.24
Charles River Basin Tax	1.145.20	1,222.72	77.52*
Alewife Brook Tax	2,567.75	2,646.59	78.84*
Fire Prevention Tax	106.07	.....	106.07†
Wellington Bridge Tax	23.81	.....	23.81†
Corporation Tax	49.76	.....	49.76†
National Bank Tax	3.03	.....	3.03†
	$97,688.61	$91,723.54	$5,965.07

*Decrease.
†Not levied in 1914.

As will be seen from the foregoing table, the increase in taxes paid the State and County in 1915 was $5,965.07 more than in 1914, or an increase of more than 6½ per cent. The increase in the amount raised for the maintenance of the various Town departments shows only the natural increase as the Town increases in population. With the tendency on the part of Legislature to increase rather than decrease the State taxes, the Board again urges the necessity of the practice of strict economy in all our departments, consistent with efficient service, if we are to keep our tax rate about $20, where it properly belongs. The Board is of the opinion that with our rapidly increasing population and our likewise rapidly increasing taxable property values, the tax rate can be kept down to the figures indicated if all departments work in harmony and with this idea in mind, setting $21 tax rate as the maximum and as much less as can be without impairing the present efficient service.

Corporation and Bank Tax Received by the Town.

	1915	*1914*	*Increase*
Corporation and Bank Tax	$17,914.94	$17,918.85	$3.91*
Street Railway Tax	9,406.77	10,027.99	621.22*
Boston Elevated Ry. Tax	3,253.63	3,223.29	30.34
Bay State Street Ry. Tax	356.51	365.02	9.51*
Middlesex Street Ry. Tax	122.01	120.10	1.91
	$31,053.86	$31,655.25	$602.39*

*Decrease.

The above figures show that the Town received, in 1915, $602.39 less from these taxes than in 1914. This decrease, while not as great as in 1914, compared with 1913 (a decrease of $3,221.24), shows that while the State is greatly increasing the tax levied on cities and towns, a smaller amount each year is received from these sources, necessitating a corresponding increase in our tax rate.

Police Department.

During the year there has been no change in the personnel of this department, which consists of a Chief, Lieutenant, Sergeant and nine Patrolmen.

The Board is pleased to report that the work of the department during the year has been kept at the high standard of efficiency of previous years. It will be noted, by a perusal of the report of the Chief to this Board, that multifarious duties are imposed on this department by a critical and exacting public.

It will also be seen how inadequate are the resources of the department to meet these exactions.

The Town is rapidly growing, new streets are being laid out and dwellings built thereon, thus requiring the patrolling of streets where but a few years ago only fields and waste land existed. To properly patrol these streets and give to all our citizens that feeling of protection to which they are entitled, the Board is of the opinion that the present force should be increased by the appointment of two additional officers. The need of these two officers is more strikingly called to your attention when you consider the vast number of automobiles that daily pass through our Town and that our citizens are not properly protected at the danger points leading to and from the center of the Town, viz.: Pleasant Street, Mystic Street and Medford Street.

Police Ambulance and Patrol Wagon.

From a careful consideration and study of the conditions existing in this department relative to the handling of injured persons and the transportation of prisoners to the Court at East Cambridge, the Board is of the opinion that the best interests of the Town will be served by the purchase of a combination ambulance and patrol wagon for the department.

By referring to the report of the Chief to this Board, it will be seen how many accident cases the department is called on to care for during a year and the difficulties under which the officer in charge labors in order to properly care for these cases. The Board recommends the appropriation of $1500 for the purchase of an ambulance and patrol wagon for this department.

Patrolmen's Pay.

A request has come to the Board for an increase in pay for the patrolmen of the department. The men are paid at the present time $3 per day (seven days). They are allowed, with pay, one day off in fifteen. If not on duty for any reason (except sickness)

they receive no pay. If sick, by a certificate signed by the attending physician and approved by the Chief, the Board may allow half pay for a period of thirty days. If ill longer than thirty days, the officer receives no pay.

After a study of the salaries paid in municipalities similar to Arlington, the Board recommends that the wages paid the patrolmen of the Town be $3.20 per day, an increase of twenty cents ($0.20) per day.

For details of the work of the department, reference is made to the report of the Chief of Police made to the Board and made a part of this report. For details of expenditures, see Auditor's report under Police Department.

Outside Poor Department.

During the year 1915 the following amounts have been expended for the care of the poor:

Amount appropriated	$8,000.00
Received from State for reimbursement under Chapter 763, Acts of 1913	1,515.99
Received from income Poor Widows' Fund	435.00
Received from individuals	24.00
	$9,974.99
Amount expended in 1915	9,957.21
Balance unexpended	$17.78

From the above figures it will be seen that it has cost the Town about $1000 more in 1915 than in 1914 to care for the poor.

This expenditure covers all amounts paid to individuals, institutions, other cities and towns, all emergency cases and aid rendered under the provisions of Chapter 763 of the Acts of 1913 (commonly known as "The Mothers' with Dependent Children Pension Act"). This Act requires that "adequate" aid be rendered (after careful investigation) to mothers with dependent children. If the State authorities approve the action of your local Board, they will reimburse the Town one-third the amount expended. The aid rendered must cover *all* expenses of the family, meaning rent, fuel, clothing and food. The local Board

is called upon to determine, before aid is rendered, whether the applicant is a proper person to not only care for her own children in a proper manner, but also whether she is a person who can handle a cash allowance or whether all interests will be best served by providing the necessaries for her. The weekly payroll for persons aided under this Act, at the present time, is $106, amounting, as can be seen, to about $5500 per year. From this amount the Town receives one-third reimbursement, or about $1833. The balance of the appropriation must take care of all other cases (and they are many) coming to the attention of the Board, and includes unfortunates in institutions, almshouse, old people with no children, hospital care, and those aided in other cities and towns, but having a settlement in Arlington.

It is only by a very careful consideration of each individual case that the Board has been enabled to meet all the requirements of this department of their work during the year. That the cases have been carefully investigated is evidenced by the fact that the State has approved in every case the findings of the Board and has allowed reimbursement for the total amount claimed.

It is the policy of the Board to aid all deserving persons unfortunate enough to require aid and to promptly discontinue aid when the necessity for that aid ceases. It is not the policy of the Board to encourage idleness, lack of the sense of obligation or a shifting of the natural responsibilities that rest with the parent for the child and the child for the parent.

The Board has been aided in the work by the willing co-operation of the various charitable organizations in the Town, in some cases taking the whole responsibility when the Board, for legal reasons, was unable to aid.

For details of expenses, see Auditor's Report.

Fire Department.

No material change has been made during the year in the force of this department. During the year (December 31, 1915) the new motor-driven ladder truck was installed, the appropriation for this piece of apparatus ($6000) having been made at the Town Meeting in March.

With the installation of this truck, making three pieces of motor-

driven fire apparatus, the Board feels that the Town is better protected than ever before.

The Chief of the department reports that all three pieces of apparatus are in first-class condition and capable of rendering efficient service.

The department has, during the year, continued to do very satisfactory work, although the number of calls was thirty less than in 1914. This fact, however, does not lessen the need of an efficient Fire Department, but does do credit to our citizens being alive to the prevailing "Fire Prevention" regulations. The total property value endangered by fire in 1915 (both buildings and contents) was $117,750, while in 1914 the property endangered was $208,500. Applying the same rule of prevention to the fire and police departments of the Town, it will be seen that it is economy for the Town to maintain these departments at the highest possible efficiency.

The Board indorses the recommendation of the Chief of the department for the appointment of an additional permanent man, believing that the rapid increase in the number of buildings erected in the Town (amounting to $1,200,000 in 1915) warrants this only normal increase in the department.

The appropriation made for the department in 1915 was $15,800 and this amount together with a slight reimbursement was expended. The Chief of the department has submitted to the Board a very full and complete estimate of the requirements of the department for 1916. The Board recommends the appropriation of $16,000 for the Fire Department for 1916.

For detailed report of the work of the department, reference is made to the report of the Chief of the department.

For details of expenditures, see Auditor's Report.

Military Aid, State Aid and Soldiers' Relief.

State Aid.

This aid is rendered to veterans of the Civil and Spanish wars and to the widows of veterans. The amount paid each applicant varies in accordance with the conditions existing, the largest amount being $6 per month, and the smallest being $4. This aid is rendered only by the approval of the Commissioner of State Aid and the whole amount is reimbursed by the State the following year.

It will be seen, therefore, that aid rendered under this heading costs the Town nothing directly but is included in the State Tax paid by the Town. The monthly pay-roll of State Aid varies from $175 to $200.

Military Aid.

This aid is rendered only where it is shown that pension and State Aid is insufficient to properly care for the applicant and is only rendered in extreme cases of need. When rendered State Aid is suspended until the need of greater relief is removed. The State reimburses the Town one-half of the amount expended. During the period of 1915 there was only one receiving this aid, and at the close of the year the need in this case had been removed. Other cases are, however, liable to arise at any time.

Soldiers' Relief.

This aid may, in the judgment of the Board, be rendered to veterans and widows of veterans, where the applicants have settlement in this Town and are in needy circumstances and where a pension and State Aid are insufficient to properly care for them. The cases aided under this law are few and the monthly pay-roll of $35, as reported in 1914, has been reduced to $28. Like Military Aid, however, new cases may apply at any time. The Town bears the entire expense of this aid.

Summer Street Estate.

This property, known as the Almshouse property, has not been a paying proposition for the past year. Owing to the absolute necessity for repairs, one-half the house has been vacant.

The building is large and old and the repairs needed are many.

The Board is of the opinion that the Town would be better off by disposing of the building than to continue to pay each year for repairs more money than is collected for rents.

To put the building in proper shape, an appropriation of about $500 will be necessary. An article will be inserted in the Warrant calling the March meeting, calling the attention of the Town to these conditions.

Town Insurance.

In the estimate prepared by the Board for the appropriation for insurance in 1915, provision was made for insurance on the new High School building and contents, the Board being of the opinion that the building would be turned over to the Town before the close of the year.

The appropriation made for 1915 was $5500, as recommended. This amount was made to cover the new High School and contents in the sum of $175,000 for a period of five years. The building was not turned over to the Town, however, and provision must be made for this insurance the coming year.

Of the amount appropriated ($5500), $3596.89 was expended, leaving a balance available for reappropriation of $1903.11.

The Board, in examining the insurance expirations, finds that in 1919 there is a comparatively small amount expiring. In order that the amounts expiring each year may, as far as possible, be equalized and that the appropriation of the coming year be as small as possible, the Board recommends the placing of the insurance on this building for a term of three years, thus making the expirations in 1919 uniform with other years.

In the latter part of the year the Board requested and obtained from all departments a schedule of all Town property, both real and personal, coming under the care of these departments. This schedule is now in classified form in the office of the Board. On examination of this schedule and a comparison of the values on which our insurance is based (90 per cent) the Board finds that, in order to comply with the requirements of the Insurance Exchange in determining the rate at which our insurance is carried, an additional $40,000 must be placed during the coming year.

The appropriation needed in 1916 will be, despite the above precaution, larger than it has been for many years and is classified as follows:

Renewals of policies expiring in 1916 ($250,000)	$3,000.00
Liability Insurance (employees) based on pay roll	1,490.00
Liability Insurance (public)	110.00
Liability Insurance (automobiles)	35.00
New Insurance to bring to schedule $40,000, three years	300.00

New High School and contents ($160,000), three years	$1,200.00
Premiums for bonding officials (separate in 1915)	160.00
Boiler Insurance in New High School	90.00
Total	$6,385.00

The insurance the Town carries at the present time and the additional amount necessary for the New High School is approximately $1,000,000, which at the present rate for five-year period will mean annual appropriation (if properly apportioned by years) of $2400. For three-year period the annual appropriation will be $2500. This is exclusive of liability or boiler insurance.

Robbins Memorial Town Hall.

During the year the use of our beautiful Memorial Town Hall has in a great measure, if not fully, realized the ideas of the generous donor and the equally generous ideas of his legatees. It has provided ample and commodious quarters for all Town officers, boards and committees. Within its walls and in its spacious auditorium all our citizens, so desiring, have had opportunities of enjoyment, whether social, intellectual, political or charitable.

From these entertainments the Town derives a two-fold benefit: first, by the pleasure and educational opportunities afforded our citizens; and second, by the income derived from the rental of the building. This revenue during the past year amounted to $1780. In a previous report, and at the request of the legatees, the Board recommended that a fund be established from the income of the building for the upkeep of the scenery, piano, etc.

The matter was referred to the Committee of Twenty-one and they recommended and the Town voted substantially as follows:

(*a*) That the building is a magnificent gift.

(*b*) That the building and grounds at all times should be kept in a proper and fitting manner.

(*c*) That the Selectmen should not be hampered, when, in their judgment, additions, repairs and replacements should be made.

(*d*) That the income of the building each year be appropriated, in addition to the appropriation for maintenance, for the upkeep and the unusual additions and repairs of piano, scenery and stage fitting, and such other repairs and renewals in or connected with the auditorium or building as are deemed necessary.

These recommendations and votes meet with the approval of the Board.

Reduction in Price of Gas.

During the early part of the year the Board again requested the Arlington Gas Light Company to reduce the price of gas to the Arlington consumers. This request was based not only on the statement made by the Company that they would reduce the price of gas when their new works were completed, but also in view of the fact that in Cambridge the price of gas was 80 cents, in Reading 90 cents, and in Somerville 85 cents, while Arlington was required to pay $1.15. Numerous conferences were held with the officials of the Company, but they appeared to be unwilling to make any reduction. The Board, then deeming it a duty they owed the citizens of the Town, took the matter to the Gas and Electric Light Commissioners. Public hearings were given by the Commissioners during May and June, at which the Company was represented by its attorney, and the Board by the Town Counsel. After considering all the facts in the case, the Commissioners issued the following order, December 31, 1915, ordering the price of gas reduced from $1.15 per thousand cubic feet to $1.10, the same to take effect January 1, 1916.

The following is the order of the Commissioners:

THE COMMONWEALTH OF MASSACHUSETTS
IN BOARD OF
GAS AND ELECTRIC LIGHT COMMISSIONERS.

Boston, December 30, 1915.

ARLINGTON PETITION.

This is a complaint in writing, under Section 162 of Chapter 742 of the Acts of the year 1914, by the Selectmen of the Town of Arlington, of the price of gas sold and delivered by the Arlington Gas Light Company.

After due notice, public hearings, as required by law, were held at which Selectmen were represented by the Town Solicitor, and the Company by its counsel.

The Company is supplying gas in the towns of Arlington, Belmont and Winchester from works located in Arlington. It

has also furnished since 1910 to the Lexington Gas Company the gas distributed by that Company. Both are under common control. Its maximum net price is $1.15 a thousand cubic feet, and has been in force for two years. Since 1904, when the present owners acquired control of the Company, the price has been gradually reduced from $1.80 net to that now prevailing.

The Company originally made and distributed coal gas. In 1908 it installed a water gas set at its old works, and since that time, save during the period of dear oil, has made and sold water gas only. In 1913 the inadequacy of the old works for the rapidly increasing needs of the Company's business led to the purchase of another site and the erection thereon of new water gas works of standard type and ample capacity to take care of the Company's present output and with suitable provision for future growth. The present complaint is due, in some measure at least, to the expectation created at the time when the new works were started that their greater efficiency and economy would result in a substantial reduction in price. This expectation has doubtless been emphasized by the lower prices of gas prevailing in all of the adjacent cities and towns lying between the territory supplied and Boston.

The new works have been operated for more than a year, and the prediction of a substantial saving in the cost of producing gas has been realized — the present cost already comparing favorably with such costs in other well-equipped and well-located plants. But in spite of this improvement the Company is not yet receiving the full benefit of the new conditions, since its investment, due to the rapid growth in the population served, has grown more rapidly than its earning power. Since 1904 the number of customers has increased from nine hundred and twenty-three to over forty-seven hundred, the miles of mains from twenty-four to over seventy-five and the output from fourteen to over eighty-eight million cubic feet. These facts are of themselves sufficient indication that any present inadequacy in earning power must in all probability be temporary.

The essential and difficult questions relate to depreciation and the return upon capital investment. On June 30, 1915, it had a plant with a book value of $694,759 and other assets valued at $49,542, against which there were outstanding capital stock of

$450,000, bonds of $100,000, notes of $162,700 and other debts of $29,623. Included in its plant accounts, however, are its old works, no longer actively employed, and certain mains which, because inadequate, have been virtually abandoned. In fact, during the past twelve years the company has built practically a new plant, in the course of which the value of much of the property still in existence and in use at its beginning has disappeared, and a valuation by the Board discloses a substantial impairment. During the same period no dividends were paid in three of the years, and averaged less than six per cent for the remaining nine. Moreover, little or no provision has been made for depreciation prior to the past year, and, in consequence, it can hardly be said upon the face of the returns that the dividends actually paid were in fact earned.

The situation has been further complicated by the ownership throughout this period of the Company's stock by the Massachusetts Lighting Companies. All of the major expenditures upon the plant during the period have been made by another corporation under the same ownership at a substantial profit, which has been divided among the security holders of the Massachusetts Lighting Companies, but is still represented in the Arlington Company's floating debt. A similar arrangement has existed with respect to the management of the latter Company, likewise at a substantial profit to the security holders of the Massachusetts Lighting Companies. It can hardly be said under such circumstances that the dividends actually paid fairly represent the return which the stockholders of the Arlington Company have in fact received, or that the entire outstanding stock and debt is free from challenge.

The Board has already discussed the problem raised by this method of control in other decisions, and the discussion need not be repeated here. It is but fair to say that the present management is eliminating some of the most objectionable features of the system with a view to placing this and other properties owned on a sounder and more conservative basis. But, even so, the Company can hardly ask the consumers to assume the burden of a return upon a profit already taken, or to provide more than once directly or indirectly for a return upon the capital properly invested

for their service. After a careful consideration of the Company's affairs and of the factors described, the Board is satisfied that with prudent management the price hereinafter recommended will yield the Company a sufficient revenue to cover all proper operating costs, a fair return upon the property which it is actively and necessarily employing for the public convenience, and a liberal provision for the depreciation which the facts of this case so greatly emphasize. There is also good cause to believe that this price can be bettered as soon as the Company has realized the full earning power of its recent investment in its distribution system.

Some other questions were raised in behalf of the Town respecting the Company's operating costs which it seems to the Board unnecessary to discuss. During the construction of the new works conditions were such as to make the costs of production abnormal and of little value as a measure of what may be reasonably expected in the operation of the new works. Considerable criticism was also directed to the price of eighty cents charged for gas furnished the Lexington Gas Company for distribution to its customers. This Company is under the same ownership as the Arlington Company. It has merely a distribution system and the gas supplied by the Arlington to the Lexington Company is conveyed by a main which is used also for Arlington consumers, and is measured at the meters of the Lexington Company's customers with an additional and arbitrary allowance for leakage. It is doubtless in the interests of both groups of consumers that a common source of supply shall be utilized and, to the extent to which the cost of producing the gas affects the price to the consumer, it is difficult for the Board to find any greater or different obligation on the part of the Lexington as compared with the Arlington consumer. Eighty cents not only covers the cost of producing the gas furnished to the Lexington Company and other costs directly attributable to this service, but is, in fact, more than sufficient to cover all of the Arlington Company's operating costs. Without passing upon the question as to whether or not this price is too high, the Board is satisfied that it imposes no undue burden upon the Arlington consumers.

In view of the foregoing facts and considerations, the Board recommends that on and after the first day of January, 1916, the

maximum net price of gas sold and delivered by the Arlington Gas Light Company shall not exceed one dollar and ten cents ($1.10) a thousand cubic feet.

By order of the Board,

(Signed) ALONZO R. WEED,
Chairman.

PHILIP A. HENDRICK, *for Town,*
GUY W. COX, *for Company.*

From the above order it will be seen that, while the present reduction is five (5) cents per one thousand cubic feet, the Board feels that a further reduction will be made in the near future.

Printing Town Report.

As recommended in the Report of the Board last year, the size of the Town Report for 1914 was materially reduced. The cost for printing this report for the year 1914 was $425 less than the book for 1913, when the cost was $1700. Following the custom of previous years the Board issued invitations for bids for printing the Town Report of 1915. From eleven invitations sent out, four bids were received. These were carefully examined and the contract awarded to Walter J. Taplin of Arlington, he being the lowest bidder. It will be seen that the size of this report could not be materially decreased from the size of the 1914 book.

Bids for Coal for Town Departments.

Following the custom of many years, the Board issued invitations to seven firms for bids to furnish coal to the departments of the Town, including the school department. Replies were received from five firms and the bids were opened by the Board in company with a committee from the School Board. After a careful examination of the bids, the contract was awarded to the Peirce & Winn Company of Arlington, they being the lowest bidders. The prices on the various kinds of coal used were as follows:

Delaware & Hudson, furnace, egg and stove	$6.55
Georges Creek Cumberland	4.50
Delaware & Hudson, stove for outside poor (this to be delivered in one-half-ton lots)	7.50

Gypsy and Brown-Tail Moth Work.

Superintendent Daniel M. Daley has continued in charge of this work during the year, rendering efficient and satisfactory service.

The work of exterminating the gypsy and brown-tail moths has been performed so thoroughly in Arlington that the Town is very free from these insects. Other insects have, however, appeared, making it absolutely necessary that the work of exterminating all insects be continued. The Board would again call the attention of the citizens to the necessity of using every precaution against these insects, particularly the tent caterpillar, by cutting down worthless underbrush, burning the same, and by spraying, during the season when these pests appear. For the detail of the work done on the trees in the Town during the year, reference is made to the report of the Superintendent and the Tree Warden.

Old Town Hall Building.

No material change has been made in this building during the year. The upper hall is still occupied as a picture theatre, from which the Town derives a revenue of $1000 per year. Two rooms on the lower floor are occupied by S. K. Ames, the Town receiving $400 per year. In this building the Police Department and the Wire Department are amply provided for for years to come. The lower basement, formerly occupied by the Water Department for a meter-testing room, has been assigned to the Superintendent of Wires.

The Board would recommend the installation in this building of a public sanitary, the need of which is apparent not only to our own citizens, but to strangers having occasion to pass through the Town. The Board is of the opinion that such a sanitary can be provided at a cost not exceeding $1000.

Licenses.

Garage and Gasoline Licenses. During the year new regulations have been made by the Fire Prevention Commissioner, regulating these licenses. Under these regulations citizens desiring a license to maintain a garage to accommodate one or two cars, need only to apply to the Building Inspector and the Chief of the Fire

Department. For a license to keep and store gasoline to an amount not exceeding 120 gallons, application need only be made to the Chief of the Fire Department. Where licenses are applied for to keep more than two automobiles, or to keep and store gasoline to an amount exceeding 120 gallons, the law requires that the Board shall give a hearing, after fourteen days' notice, to all interested abutters.

Common Victuallers. With the growth of the Town, the number of these licenses issued must naturally increase. The Board continues to require that the premises where these licenses are granted be at all times kept in a clean and sanitary condition. All applications are submitted to the Police Department for investigation as to the character of the applicant and the conditions of the premises.

Billiard, Pool and Bowling Alleys. During the year the Board has issued but one license to operate a pool room. This is the only license for this purpose existing in the Town. In October, an application was received from Mr. A. C. LaBreque for a license to maintain a bowling alley on his premises, No. 606 Massachusetts Avenue. Following the custom of the Board, a public hearing was given after notices had been sent to all interested abutters. No one appeared in opposition, and the license was granted. The alleys were opened to the public late in December.

Junk. During the year two licenses were issued for the collection of junk and second-hand articles. The Town received $300 each. The Board is of the opinion that the fewer of these licenses issued, the easier it will be for the police to keep in close touch with the holders of the licenses, thus protecting our citizens in avoiding the disposal of stolen property.

Perambulation of Town Lines.

Under the Statutes, the Town lines shall be perambulated and run and the marks renewed once in every five years by two or more of the Selectmen of each Town.

During the past year it was the duty of the Selectmen to perambulate and run the line, and all three members performed this duty. The lines between all adjoining cities and towns were run and the marks found to be in proper condition.

Jurors.

Owing to the law now in effect governing the selection of jurors, many complaints have been received on account of citizens being deprived of any knowledge that their names are on the jury list. The law requires that the Board of Selectmen shall prepare a list of jurors, a copy of which is filed with the Town Clerk and with the Clerk of the Superior Court. Formerly this list was published so that the citizens in Town Meeting could have their names stricken from the list and others substituted. This can no longer be done and the Board would advise all citizens desiring not to serve on the jury to write a letter to that effect during the month of January each year. The list of jurors as revised by the Board will be found under that heading.

Licenses Granted.

The following licenses were granted during the year:

Common Victuallers. A. C. LaBreque, 606 Massachusetts Avenue; Isabella M. MacDonald, 1406 Massachusetts Avenue; A. O. Sprague, 5 Mystic Street; Louis C. McKenna, 406 Massachusetts Avenue; Napoleon J. Hardy, 657 Massachusetts Avenue; Christie Anifantis, 1309 Massachusetts Avenue; Louis C. Taylor, shore of Spy Pond; E. M. Parkhurst, 450 Massachusetts Avenue; Panis and Saxeny, 1360 Massachusetts Avenue; John W. Eckman, 1400 Massachusetts Avenue; Selma C. Crane, 1113 Massachusetts Avenue; Arlington Food Shop, 637 Massachusetts Avenue; John B. Meaney, 64 Henderson Street; Thomas A. Mahan, 1269 Massachusetts Avenue; Katherine A. Dempsey, 81 Warren Street; E. Elbridge Snow, 447 Massachusetts Avenue; Ruth Anderson, 945 Massachusetts Avenue; George L. Swain, 194 Massachusetts Avenue; Thomas K. Millett, 48 Pond Lane.

Junk. Samuel Wax, 10 Minot Street, Boston; Max Rosenfeldt, 220 Prospect Street, Cambridge.

Pool Table. Sylvester Di Donato, 444 Massachusetts Avenue.

Bowling Alley. A. C. LaBreque, 606 Massachusetts Avenue.

Auctioneers. Arthur J. Hendrick, 17 Court Street; Frank Y. Wellington, 15 Wellington Street; James H. Shedd, 28 Draper Avenue; Albert H. Goodwin, 8 Water Street; George D. Moore, 133 Broadway; Willard G. Rolfe, Irving Street; Frank V. Noyes, 11 Gray Street; James M. Mead, 46 Mt. Vernon Street; Daniel

P. Sweeney, 29 Cleveland Street; Winthrop Pattee, Jason Street; F. Alfred Patterson, 70 Appleton Street.

Transportation of Liquors (under Chapter 421, Acts of 1906). George W. McClellan, 15 Webster Street; James F. Teehan, 7 Moore Place; Arthur M. Curtin, 963 Massachusetts Avenue; Wood Bros., Massachusetts Avenue; American Express Co., Railroad Station; Manuel Lopez, 21 Swain Street.

No sixth-class licenses were issued. For all detail of expenditures made under all departments under control of the Board, reference is made to the Report of the Auditor.

WILLIS P. HOWARD,
THOMAS J. DONNELLY,
HORATIO A. PHINNEY,
Selectmen of Arlington.

REPORT OF THE CHIEF OF POLICE FOR THE YEAR ENDING DECEMBER 31, 1915, TOGETHER WITH RECOMMENDATIONS FOR THE ENSUING YEAR.

ARLINGTON, MASS., January 1, 1916.

To the Honorable Board of Selectmen:

Gentlemen: I have the honor to submit my eleventh annual report of the doings of the Police Department for the year ending December 31, 1915.

During the year there have been 543 arrests, an increase of 80 over last year; 532 of these were males, 11 females and 59 juveniles.

Three hundred were non-residents. Fines to the amount of $1,954.60 and forty-four months' imprisonment were imposed by the court.

Eighty-nine arrests were for crimes against property, 27 against the person and 427 against public order; 98 were arrested for police of other places; property valued at $2,454 was reported stolen and property to the value of $1,980 was recovered.

MISCELLANEOUS BUSINESS.

Stray teams cared for	3
Search warrants for liquor served	1
Search warrants for abortion instruments	1
Search warrants for violation of game laws	2
Search warrants gaming implements	1
Search warrants for stolen property	6

Police Signal System.

The police signal system still continues to give the same splendid results as when first installed, thanks to the watchful care of Superintendent of Wires LeBaron.

There were 36,898 duty calls and 1,346 telephone calls received at the station from the patrolmen during the year. There should be one new box installed in the Lake Street district and I so recommend.

A Motor Patrol and Ambulance.

We do need a motor-driven combination patro and ambulance; the methods we are compelled to use in handling injured persons are a disgrace to a community like Arlington. Think of it: one of the finest hospitals in the State within our borders and no ambulance to convey injured to it.

Eight hundred dollars would buy a motor ambulance that would fill our needs for many years to come and the expense outside of housing would be slight, and I ask that $800 be appropriated for a motor-driven combination patrol and ambulance.

More Officers Needed.

With a population now estimated at over 15,000 and increasing every month, the calls and duties of your police have increased in proportion until it is impossible for the present force to adequately patrol the town as it should be.

I do not feel that the burden of responsibility should be placed upon your honorable board, nor upon your chief of police when the Town neglects to appropriate sufficient funds to properly police it.

For 521 days during the year 1915, on account of the one day off in fifteen, vacations and sickness, we have been obliged to double up on routes on account of lack of funds to fill the gap made.

I feel that under present conditions your patrolmen are entitled to great credit for the vigilance they have shown in caring for routes often fifteen miles long.

If it were not for our police signal system, it could not be done, and a continuance of this policy, especially with our rapidly increasing population and the one o'clock lighting system, is dangerous.

Traffic Rules.

There should be some uniform traffic rules adopted for the government of the immense amount of traffic that passes through our streets; there should be at least one patrolman assigned to traffic duty at Mystic Street, one of the most dangerous crossings to be found in any community. It may be instructive to know that during the year the increase of motor-driven vehicles was 26,970, or 31 per cent, and that fatal accidents increased 65, or 28 per cent.

Auto Taxi Service.

The local Taxi Service Companies should receive serious consideration from your honorable board; there are at present nine different firms doing business in Arlington and no fixed rule or

regulation to govern them; there should be a maximum charge within the limits of the town which the passenger should know about, the drivers should be made to wear a designated badge or number and should not be allowed to cry out their wares and NO LICENSE to operate a taxi auto should be renewed or granted until the owner has filed a bond in a suitable amount to insure the safety of passengers; at present I know of no way by which damages could be collected should a passenger or pedestrian become injured by the carelessness of a driver of one of our taxi cabs.

I would ask that the sum of $19,000 be appropriated for the use of the Police Department for the year 1916 as follows:

Salaries	$14,475.00
Pension	548.00
Telephones	190.00
Maintenance motor cycle	100.00
Auto and ambulance hire	300.00
Miscellaneous	762.00
Two extra men	1,825.00
New motor ambulance	800.00
	$19,000.00

In conclusion, I wish to thank your Honorable Board for the many courtesies rendered me during the year and assistance and support given me in the enforcement of law and order.

Respectfully submitted,

THOMAS O. D. URQUHART,
Chief of Police.

ANNUAL REPORT OF THE CHIEF ENGINEER OF THE FIRE DEPARTMENT.

To the Honorable Board of Selectmen of the Town of Arlington:

Gentlemen: I respectfully submit my annual report of the Arlington Fire Department for the year ending December 31, 1915.

The number of companies and equipment are the same as last year, excepting a motor-driven ladder truck, which was installed December 1, 1915, in place of the horse-drawn truck which has been in commission a long time.

The new motor has proved its efficiency, and we feel that the Town is better protected than ever before.

The manual force consists of nine permanent men and twenty-seven call men. One more permanent man should be added the coming year, to be placed in Highland Hose House. There are four men there at present and two motor pieces, so that on days off and meal hours the apparatus is undermanned.

The motor equipment is still giving good service. There have been no accidents the past year. New tires have been put on the rear wheels of Combination A. All three pieces are in first-class condition. The department has at present only two horses in service, located at the Heights. I believe it would be economy for the Town to replace this horse-drawn hose wagon with a small motor vehicle in the near future. The cost of keeping the horses the past year was $532.25. One of the ladder truck horses was provided with a good home for the rest of his life, he having been in service for the past sixteen years. The other one was younger and was sold for $200.

The Fire Stations are in good condition, considering their age. There will have to be made extended repairs in two of the stations in the near future. They will have to be made fireproof, to conform to the new garage laws. Towns and cities are given five years in which to make these changes.

The department has answered 71 bell alarms and 81 still alarms, making a total of 152 alarms, which is a decrease of 30 alarms from last year.

Recommendations.

I recommend the appropriation of $16,000 and the receipts of the department for the ensuing year.

The fire alarm is in the hands of Superintendent of Wires. For detail in regard to Fire Alarm system, see report of Superintendent of Wires. Owing to the increase of buildings in Town and the opening of vacant land for building purposes, the demand for new boxes is increasing. A certain number of new boxes should be installed each year.

The water supply has still continued to give us the best of service, as in the past. Few towns have as good pressure and unlimited supply of water. In laying new pipe care should be taken in placing new hydrants, as by so doing a great saving can be made in the use of hose.

The strict enforcement of all building laws in regard to the prevention of fire should be well considered and looked after before it is too late. Attention to these details at the present time may save a great deal of trouble later on.

Conclusion.

In closing my report, I respectfully thank your Honorable Board for the courteous manner in which you have received me in my official capacity. I also wish to thank all other officials of the Town who have so willingly given their services when called upon, and to my assistants and all other members of the Fire Department my sincere thanks for the able manner in which they have answered all demands made upon them, making the work of the department a credit to the Town and a pleasure to command.

Respectfully submitted,

WALTER H. PEIRCE, *Chief.*

The loads re-weighed did not show any unusual shortage, the largest shortage being nineteen pounds on a two-ton load; this shortage was made up by the concern on the next load to the consumer. On a three-ton load the shortage was eleven pounds; and on a one-ton load, seven pounds.

Inspector of Petroleum.

As Inspector of Petroleum, I have had five samples of petroleum products submitted to me for testing during the past year.

Measurer of Wood and Bark.

In this capacity I have measured twenty-one lots of kindling wood; fifty-one loads of cord wood; thirty-two carloads of manure; ten loads of loam; and four loads of gravel. On complaints, I have measured sixteen loads of wood and nine carloads of manure.

In conclusion, I wish to express my sincere appreciation to the Town officials and citizens, who have assisted me in various ways in discharge of my duties.

Very respectfully submitted,

CHARLES F. DONAHUE,
Sealer of Weights and Measures.

REPORT OF INSPECTOR OF BUILDINGS.

ARLINGTON, MASS., January 17, 1916.

To the Honorable Board of Selectmen, Arlington, Mass.:

I herewith submit my report of the inspection of buildings for the year ending December 31, 1915. Three hundred sixty-one permits have been issued, classified as follows:

Dwellings, one-family	86	$283,800
Dwellings, two-family	161	814,200
Dwellings, four-family	2	19,000
Additions and alterations	24	26,195

Stable	1	735
Hall	1	3,000
Bowling alley	1	5,000
Greenhouse	1	500
	361	$1,275,259

I wish to thank the Board of Selectmen and the builders of the Town for their hearty co-operation with me during the past year. Eighteen hundred and forty calls have been made in connection with applications and for information.

As the Town is growing so rapidly, I think the present building laws are inadequate for the needs of the Town, and I would advise that the present laws be revised.

Respectfully submitted,

WILLIAM GRATTO,
Inspector of Buildings.

REPORT OF INSPECTOR OF ANIMALS.

To the Selectmen of the Town of Arlington.

Gentlemen: I herein submit to you my annual report as Inspector of Animals for the year ending December 31, 1915.

This year, as we were about to undertake the regular annual inspections, we were stopped by the State authorities on account of the spreading of the foot and mouth disease, so that no annual inspection was really made in 1915.

During the year there has been one case of glanders in a horse, one case of rabies in a dog, nine cases of foot and mouth disease in cows, three in pigs, and one in sheep.

Respectfully submitted,

LAURENCE L. PEIRCE, M.D.V.,
Inspector of Animals.

REPORT OF TOWN PHYSICIAN.

To the Honorable Board of Selectmen:

Gentlemen: I hereby submit a report of the work done by the Town Physician for the year 1915:

Number of house calls	58
Number of office calls	67
Emergency calls at Police Station	26

There has been an increase in the amount of work this year, owing to the larger number of poor persons depending on the services rendered by this department.

The purchase of a pulmotor is again recommended for certain emergency cases, and should be a part of the equipment of one of the various Town departments.

Respectfully submitted,

CHARLES A. KEEGAN, M.D.

GYPSY AND BROWN-TAIL MOTH DEPARTMENT.

To the Honorable Board of Selectmen:

I herewith submit my report as Superintendent of the Department for the Suppression of Gypsy and Brown-Tail Moths for the year ending December 31, 1915.

Gypsy and Brown-Tail Moths.

The work of this department has been carried out mainly on the same lines as pursued last year, and the Town is in good condition. The usual spraying, cutting of nests of Brown-Tails, and creosoting Gypsy nests, removal of deadwood and cleaning neglected lots and roadsides have been attended to in their season. Exclusive of street trees, parks, cemeteries, etc., we have cared for 1191 private jobs at a cost to the owners of $1,609.74. That this work has been performed with satisfaction to the owners and at a minimum cost is evident by the few complaints received. During the spraying season, which lasts about six weeks, we used five tons of arsenate of lead, hired six horses, and had a force of from twelve to eighteen men employed. At all other times the force consists of from four to six men, all of whom are climbers. The nature of the work has changed to such an extent that it is necessary that all must be able to climb. The Brown-Tail infestation is very slight but to keep the Town clear of this pest is rather an uncertain job, as during the season that the moths are in the wing form, flights from towns where the infestation is bad are likely to occur, and then towns which happen to be in the path of the wind are sure to be victims.

Tent Caterpillar.

This pest was very numerous this past year. I have done what I could by spraying and cutting along the roadsides, and look forward to more favorable conditions the coming year.

Leopard Moth.

The most serious pest with which we are confronted at the present time is the Leopard Moth. The only successful treatment is the manner in which I outlined in my Tree Warden report of 1914, which is slow and expensive. The maples on Wyman, Palmer, Jason and Maple Streets were very badly infested and were gone over, also Pleasant Street and Mt. Pleasant Cemetery, and with gratifying results, as the Superintendent of Cemeteries will vouch for.

If the property owners will continue to co-operate with the Town in the suppression of these pests, we may hope to be relieved from any serious annoyance at a minimum expense. Taking the cost and character of last year's work as a fair basis for the coming year, I would recommend that the same amount as last year, $5500, be appropriated for the year 1916.

Thanking your Honorable Board for their confidence, and the property owners for their co-operation, I remain,

Respectfully,

DANIEL M. DALEY,
Superin'endent.

REPORT OF REGISTRARS OF VOTERS.

January 1, 1916.

The Board of Registrars of Voters herewith submit their report for the year ending December 31, 1915.

During the year sixteen meetings were held for the purpose of revising the voting list, certifying to names on nomination papers and registering citizens possessing the necessary qualifications.

The law requires that the Registrars, on receipt of the list of assessed polls from the Assessors in July, revise the voting list in accordance with the list submitted.

The law further requires that no names shall be stricken from the list until the Registrars have notified such party of their intention to so strike his name from the list and assigning a time when he may appear and show reasons (if any) why such action should not be taken.

The total number of registered voters December 31, 1914 was 2504. During the year 170 names were dropped from the list on account of death or removal from Town. Four hundred and sixty eight (468) names were added at the various meetings as follows:

February 9	20	
February 13	26	
February 20	81	
September 14	53	
October 13	92	
October 20	73	
October 23	123	
Total		468

Making the total number of male voters December 31, 1915, two thousand eight hundred and two (2,802).

The number of women voters reported December 31, 1914, was 104. Four names were dropped on account of death. During the year fifty-six (56) names were added making the total

number of women registered December 31, 1915, one hundred fifty six (156).

The list as revised January 1, 1916, is as follows:

Whole number registered		2958
Whole number of men	2802	
Whole number of women	156	
Total		2958
Total assessed polls December 31, 1915		4088

REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY.

To the Town of Arlington:

The Trustees of the Robbins Library submit their annual report. The circulation shows a gain of 3,999 with a total of 54,598 as compared with 50,599 in 1914. The Children's Room shows a loss of 1,119 with 14,371 as against 15,490 in 1914.

The attendance in the Reading Rooms shows a gain on week days of 7,993 — 27,526 as against 19,533 in 1914, with a gain on Sundays of 98 — 2,198 as against 2,100 in 1914.

The daily attendance in the Children's Room has risen from 9,836 to 10,567 — a gain of 731 with a gain of 2 in Sunday attendance — 1,922 as against 1,920 in 1914.

There is a gain of 5,348 in books taken from the Stack Room — 39,259 as against 33,911 in 1914. The use of periodicals also shows an increase — 3,468 as against 3,218 in 1914, a gain of 250. Seven hundred and eighty new cards were given out in 1915 as against 808 in 1914 — a falling off of 28, but not a *loss*. The Postal Reserve system shows a gain of 197 — 846 using it in 1915 as against 649 in 1914.

Three thousand seven hundred and sixty-seven books and periodicals were loaned from the Arlington Heights Branch as against 4000 in 1914, and we note a corresponding loss in books and periodicals sent from the Center to the Heights, 968 in 1915 as against 1,198 in 1914. This may be due to the fact that the Branch at the Heights does not serve the purpose of a Reading Room, owing to the smallness of its size, and does not attract as many people as formerly.

We wish to draw attention to the fact that during August of 1915 the Library was opened for regular hours and liberally patronized.

Owing to the rapid growth of the eastern end of the Town, an effort has been made by the Trustees to establish a Branch Library in that section. By agreement with the School Committee, we have secured a large and well-lighted room in the basement of the Crosby School, which, by the expenditure of $1000, can be admirably fitted for the purposes of a Reading Room. In addition to this preliminary expenditure we must ask the Town for an annual increase of $1000 for the maintenance of this proposed branch, but we feel that the end in view will justify the outlay.

The function of a library is not to store books, but circulate them, and the larger their circulation, the better it is for the Town.

The Library has been enriched the past year by the gift of books from Miss M. L. Pendleton, Miss M. J. Jacques, Mrs. James A. Bailey, Mrs. Samuel A. Fowle, Mr. D. L. Tappan and others. The editors of the *Advocate* have continued to send us a file of that paper, and Mr. G. B. C. Rugg sent us photographs of scenes connected with the European war.

We have had made for the Library by Doane, a beautiful volume of photographs of the Arlington Pageant of 1913, which will be of great and increasing value in the future.

Exhibitions of photographs, etc., have been given in addition to those reported hitherto.

REPORT OF THE SCHOOL COMMITTEE FOR THE YEAR 1915.

To the Inhabitants of the Town of Arlington:

Following the precedents of previous years, the report of the School Committee hereby submitted undertakes nothing more than to outline briefly the principal events which have developed in the administration of our school system during the year 1915 and to embody such suggestions and recommendations for future action as shall enable us to keep abreast of the ever-growing demands of school requirements.

The year 1915 stands out conspicuously in the annals of our school history by reason of three events of unusual importance: namely, the completion and opening of the new High School Building on Massachusetts Avenue, the establishment of a Junior High School in the old High School Building on Academy Street, and the increase of the appropriation by the Town for school purposes to a sum in excess of one hundred thousand (100,000) dollars.

The history and development to completion of the new High School Building is too well known to every citizen to require here any extended remarks. It is sufficient to state that the School Committee appreciates the efforts that have been made by the Building Committee of the Town to furnish a building adequate and adapted to the needs of a modern High School, and that no pains have been spared to make the structure not only practical for the purposes for which it is intended, but an effective addition to the number of splendid public buildings which the municipality already possesses.

Coincident with the opening of the new High School Building, the Junior High School came into existence as a part of the school system. The reasons which prompted your Committee to establish such a school were fully set forth in the report of the Superintendent of Schools for the year 1914. The brief period of its existence, however, has been insufficient to determine

accurately its usefulness and efficiency, but that it is founded upon a sound theory it is impossible to deny. The membership of this school comprises the eighth and ninth grades from all sections of the Town, numbering approximately 425 pupils, and while the transportation problem bears somewhat heavily upon those pupils living at the extremities of the Town, your Committee felt that the establishment of the school was justified not only because of its belief in the added advantages to pupils educationally but because it offered almost the only opportunity to relieve the crowded condition in several of the congested school centers of the Town.

School Expenditures.

Regarding the question of expenditures for school purposes, which in 1915 passed the $100,000 mark an intelligent discussion of the causes which have led to the steady increase in the appropriation for this purpose during the past ten years involves a study of the growth of the Town and the school population, as well as other conditions during the same period.

An examination of statistics discloses that the population of the Town in 1905 was 9,672, while the school population in the same year is given at 1861. The census of 1915 places the number of inhabitants in the Town at 14,860, while the total enrollment of pupils this year in the schools is 3,176. By comparing these figures and the appropriation for schools in 1905, which was $54,840, with an appropriation in 1915 of $100,519, it can be seen that the increase in school appropriations has not been seriously out of proportion to the growth in school population. Add to this the fact that during this period, the cost of living has increased more than forty per cent, involving a necessary increase in the largest single item of school expense, the salaries of teachers, janitors, etc., as well as the increase in the cost of books, supplies, fuel, etc., and the fact that the percentage of pupils attending the High School, where the cost of education is practically double that of the grades, has steadily advanced and we begin to have some appreciation of the impossibility of preventing constant growth in the size of the appropriation, unless we are prepared to allow our schools to sink to the level of second rate institutions.

It must furthermore be borne in mind that in every rapidly

growing community adequate school accommodations necessitate the frequent erection of new buildings as well as the addition of units to structures already existing, and it follows that the expense of the department is thereby further augmented by the constant increasing outlay incident to the care and maintenance of school property.

In this connection, it may also be stated that among the many matters which have received the Committee's attention during the past year, the question of fire hazard has been seriously considered. A special subcommittee was appointed to examine into and report upon the condition of each building, and as a result, certain minor alterations were made and additional fire prevention apparatus provided, and in the case of one building, that of the Russell School, a sprinkler system installed. The equipment thus provided and added to, with some further changes which it is proposed to make, will in the opinion of your Committee afford all reasonable protection to pupils and teachers against danger arising from the breaking out of fires in the school buildings.

Housing Facilities.

The matter of providing sufficient school accommodations is a problem which must be faced and constantly dealt with in every growing center of population, and the fact that the growth in school population in Arlington has been exceptional in the last ten years affords no opportunity to relax our vigilance in this direction.

If we examine the records for the last ten-year period we will find that the increase in the average membership of pupils was 64.5 per cent, the gain being greatest in the later years of the period as is evidenced by the fact that the total enrollment has jumped from 2,600 in December, 1913, to 3,070 in 1915. To accommodate this large number of pupils, the Town possesses seven buildings, six of which are available for grammar school purposes. These comprise the Locke School building, situated at the Heights, the Crosby, located at the east end of the Town, and the Cutter, Russell, Parmenter and old High School buildings, the latter now being used for the Junior High School. At the present time, the Cutter, Parmenter and Junior High are fully occupied, while the Locke and Crosby schools have each one room

not in use. There is little doubt, however, that the maximum capacity of the last two buildings mentioned will be required to take care of the school attendance in September, and a condition will then be presented which will require the complete use of every school building in Town with the exception of the Russell to satisfy.

From the above facts, it must be apparent that if we are to prepare for the annual increase in the number of pupils, additional school accommodations must be provided by September, 1917, and the question naturally arises as to where such provision shall first be made. In the study of this question, your Committee has conferred with the Town Planning Board and has come to the conclusion that relief from congestion should first be provided at the Cutter School. This school building is now being used to its full capacity and it is reasonable to anticipate that from now on the growth in this district will be distinctly shown in an increase in school membership. The original plans of the Cutter building contemplated a sixteen-room structure. By duplicating the eight rooms already existing, sufficient accommodation can be provided to take care of the growth in the district and postpone, for a short period, the necessity for additional school buildings at the Heights. Preliminary steps should immediately be taken, looking to the erection of this unit so that the same will be ready for occupancy not later than the fall of 1917.

The extremities of the Town, particularly the Crosby district, will next demand our consideration. Here the development in recent years has been most rapid and is likely so to continue for some time to come. Geographically, the present school building seems to be well located to serve this area and needed housing facilities can be provided for this section either by adding to the present structure or erecting another building sufficiently near to be operated in conjunction with it. Relief here can be deferred scarcely longer than in the Cutter district.

As to the Heights section, it is perhaps too early to form definite conclusions. The present development seems to lean toward Crescent Hill, and with the opening of Summer Street as a boulevard, building operations may be so stimulated that it will be found the part of expediency to carve out a new district and erect a school building considerably north of Massachusetts

Avenue. However the question shall be decided, it will doubtless be determined within the next five years.

General Conditions.

Any extended statement of the general efficiency and usefulness of our schools, their aims and standards, need not be attempted in this report as the academic side has been dealt with in the past by the Superintendent and is further discussed in his report of this year, which will be found in the School Report printed by the School Committee, copies of which will be furnished to citizens upon request. It is desired to emphasize, however, that the reputation of the schools of Arlington has not suffered during the past year and that the policy which has given her a leading place among the municipalities of the state in the quality of her schools has not changed. Your Committee is further firmly of the opinion that a fair comparison of the school administration of Arlington with that of other similar school centers will disclose that the Town is receiving in this department a maximum of efficiency at a minimum of expense.

Respectfully submitted,

ALTON F. TUPPER
Chairman.

REPORT OF THE BOARD OF HEALTH.

The Board of Health respectfully submits the following report for the year ending December 31, 1915.

The Board, consisting of Dr. Laurence L. Peirce, Dr. Guy E. Sanger and Alfred H. Knowles, held its first meeting March 4, 1915, at which time Dr. Sanger, having been re-elected for a term of three years, was sworn to the faithful performance of his duties by the Town Clerk.

Dr. Peirce was re-elected Chairman, and John E. Robinson was appointed Clerk.

The sanitary conditions of the Town are extremely satisfactory, but, while it is natural that there should be complaints, the number have been comparatively few, and have in all cases been promptly attended to.

For several weeks conditions were ripe for a serious epidemic of scarlet fever in the Town. The State Board of Health through its inspector investigated the cause of the outbreak and reported as follows:

WOLLASTON, MASS., October 18, 1915.

Board of Health, Arlington, Mass.

Dear Sirs: As you know, I have recently been in consultation with Dr. Pratt, the physician to your Board, in regard to the scarlet fever situation in your Town, Dr. Simpson, the Health Officer in charge of your district, being absent on his vacation.

Dr. Pratt and I saw all the cases and investigated all the conditions in the Crosby School, about which the outbreak seems to center. We made a partial examination of the children who might be expected to have been exposed to the disease in the school, and Dr. Pratt will continue to make such examinations for some days to come.

One thing struck me as we made our investigation, and that was that a number of cases had not been reported by the physicians in charge at the proper time. In one house the first patient was not reported at all. In another instance, one case was re

ported from a household, while three or four other cases which were suspicious, to say the least, were not reported to the Board of Health.

I feel that the physicians practicing in Arlington are not sufficiently alive to the need of prompt reporting of cases of communicable diseases to the local Board of Health. I would suggest that a circular letter be sent to all of the physicians in Arlington and to those who are in the habit of coming into Arlington to practice, urging upon them the extreme importance of prompt and accurate reporting of communicable diseases.

Yours very truly,

MERRILL E. CHAMPION, M.D.,
District Health Officer.

LOWELL, MASS., December 30, 1915.

Board of Health, Arlington, Mass.

Dear Sirs: I made a study of the scarlet fever situation in your Town with your physician, Dr. Pratt. You had eleven cases during the month of November, and twelve scattered through December. They are located in different sections of the Town, are attending different schools, and have no milkman in common. Several of them are members of the same family. Some are relatives to other families, and three or four were attendants at the High School. There is some indication that quarantine is not well observed, and that members of a family supposed to be in quarantine are attending public gatherings.

I do not consider the disease is at a point where it could be considered an epidemic that would justify you in closing public places, but I do think they are being spread by contacts, and these contacts not all missed cases.

Unless carefully watched, you are liable to have a lively epidemic from these various foci. One school physician with no nurse for 3000 pupils certainly is not sufficient. I advise your procuring a nurse to help your physician, both in maintaining a better quarantine and carrying on better school inspection. A town of your size with your tuberculosis dispensary can well occupy the full time of a nurse between the Board of Health and the schools. You are already, I understand, paying the district

nurse half enough on the tuberculosis work to pay the salary of such a nurse.

Very truly yours,

C. E. SIMPSON, M.D.,
Health Officer.

As a result of the persistent work of our Health Physician, the threatened outbreak was averted. This work was greatly facilitated by the employment of a nurse to investigate causes of absence from school among the pupils.

During the year it has been necessary to install in the Town a tuberculosis dispensary, as required by the Acts, approved June 22, 1911, Chapter 576:

"Every city, and every town containing a population of ten thousand or more, as determined by the latest United States census, shall establish and maintain within its limits a dispensary for the discovery, treatment and supervision of needy persons resident within its limits and afflicted with tuberculosis, unless there already exists in such city or town a dispensary which is satisfactory to the State Board of Health. The said dispensaries shall be subject to the regulations of the boards of health of the cities or towns in which they are respectively situated. A city or town subject to the provisions of this act which, upon the request of the State Board of Health, refuses or neglects to comply with the provisions hereof, shall forfeit not more than five hundred dollars for every such refusal or neglect."

By above act it became necessary to furnish two rooms for said purpose, which should be properly lighted and heated, having the services of hot and cold water, available for use at least one hour a day, or one day and evening of each week. The matter of expense was important, as it can be easily seen that rooms for such purpose were good for no other use. After looking into this question very carefully, and having conferred with the Board of Selectmen, we decided to use part of the Inspector's room, and part of the laboratory for an examination room. This was approved by the State Board of Health, through the District Health Inspector, and has proven very satisfactory. Arrangements were made whereby the District Nursing Association furnishes us with a nurse for the tuberculosis work at a nominal price for actual time,

and Dr. Ezekiel Pratt, physician of the Board, is in charge of the same. For detailed report for tuberculosis dispensary, we refer you to Dr. Pratt's report.

We respectfully submit for your consideration the following reports of the various branches of this department.

Bacteriological Department.

The Bacteriological Laboratory, connected with this department, still continues to prove its worth, and the Board feels very much satisfied with the services which Dr. Pratt reports in connection with the same.

Specimens will be received at the laboratory at the Town Hall daily, at any time, and they will be examined and reported upon the following morning.

Outfits for specimens to be examined for tuberculosis, diphtheria, and typhoid fever; and diphtheria antitoxin, vaccine lymph and nitrate of silver solution may be obtained at the laboratory and at the following places:

Perham's Pharmacy, Arlington Center; Emus Pharmacy, Arlington Heights; Angus Pharmacy, corner of Winter Street and Massachusetts Avenue.

For further particulars, we refer you to the report of the Bacteriologist.

Board of Infants.

Five parties, whose applications were first approved by this Board, have been licensed by the State Board of Charity to board infants in this Town, under the provisions of Chapter 83, of the Revised Laws of 1902. There are still, however, numerous parties in the Town who are boarding one infant, thereby under the present law avoiding the necessity of local inspection as to sanitary arrangements. This matter is being investigated by the State Board of Charity.

Permits.

The record of permits to keep cows, swine, goats and hens, and to collect grease is as follows:

Cows: Fifteen applications were received for permits to keep fifty-nine cows, all of which were granted.

Hens: Two hundred and thirty-six applications were received

for permits to keep 11,282 hens, all of which were granted after hearings in some cases.

Ducks: Nine applications were received for permits to keep one hundred six ducks, all of which were granted.

Swine: Ten applications were received for permits to keep 243 swine, all of which were granted.

Grease: Four applications were received for permits for four teams to collect grease. Four permits were granted.

One hundred twenty-four permits were also issued at this office to haul offal through the streets of the Town.

Contagious Diseases.

On March 4, 1915, this Board re-adopted the following quarantine rules relative to persons suffering with contagious or infectious diseases:

Diseases adjudged dangerous to the public health. It is adjudged that the diseases known as actinomycosis, anterior poliomyelitis, Asiatic cholera, cerebro-spinal meningitis, diphtheria, glanders, leprosy, malignant pustule, measles, German measles, ophthalmia neonatorum, plague, pellagra, scarlet fever, smallpox, tetanus, trachoma, trichinosis, tuberculosis, typhoid fever, typhus fever, varicella, whooping cough, yellow fever, erysipelas, pneumonia, rabies, tonsillitis*, and mumps*, those marked by star being designated by local regulation, are infectious or contagious and are dangerous to the public health and safety, and may be contracted from persons or apartments, or at funerals of persons dying from these diseases, and that the following provisions of this Chapter are necessary for the public health and safety in regard to said diseases.

Quarantine of Persons Suffering with Contagious or Infectious Diseases, or those Exposed to Such Diseases.

Diphtheria. *Patient:* Until nose and throat are clear and two successive cultures at three (3) day intervals have been obtained from both nose and throat; the last culture to be taken by some person designated by the Board of Health. *Other children:* Until one (1) week has elapsed since last exposure, unless immunized by antitoxin, and after two (2) successive negative cultures from both nose and throat. *Other members of the family:* May attend

to business after one (1) negative culture, unless engaged in the handling of food.

Scarlet Fever. *Patient:* Quarantined for a minimum period of five (5) weeks; and thereafter during persistence of lesions of nose, throat, ears, or skin. *Other children:* Until one (1) week has elapsed since last exposure, unless immunized by previous attack of the disease. *Other members of family:* May attend to business, unless engaged in the handling of food.

Measles. *Patient:* Quarantined until ten (10) days have elapsed since beginning of eruption. *Other children:* Excluded from school for two (2) weeks from date of last exposure, unless previously immunized by an attack of the disease. *Other members of family:* Allowed to attend to business.

German Measles. *Patient:* Isolated for seven (7) days after appearance of eruption. *Other children:* Not excluded from school. *Other members of family:* May attend to business.

Chicken-pox. *Patient:* Shall be isolated during presence of skin or mouth lesions. *Other children:* Excluded for three (3) weeks after last exposure to the disease unless immunized by previous attack of the disease. *Other members of family:* May attend to business.

Whooping Cough. *Patient:* Shall be isolated for a minimum period of three (3) weeks and thereafter as long as the paroxysmal stage persists. *Other children:* Excluded from school until two (2) weeks have elapsed since last exposure unless immunized by previous attack of the disease. *Other members of family:* May attend to business.

Mumps. *Patient:* Isolated for three (3) weeks. *Other children:* Excluded from school for two (2) weeks from last exposure unless previously immunized by an attack of the disease. *Other members of family:* May attend to business.

Typhoid Fever. *Patient:* Isolated until recovery and until urine and feces are free from bacilli. *Other children:* Excluded from school for two (2) weeks from last exposure unless immunized by previous attack or by typhoid vaccine. *Other members of family:* May attend to business unless engaged in the handling of food.

Ophthalmia. *Patient:* Isolated until purulent discharge has disappeared and two (2) successive cultures negative for gonococci at twenty-four (24) hours' interva have been obtained.

The care of contagious diseases occurring in this Town is becoming a serious problem. The cost for the care of these cases during the past year was $2666.38. All cases from this Town are sent to the Brighton Contagious Hospital. The cost of the treatment of these diseases is a difficult one to determine and to estimate, and this Board feels strongly that a contagious disease account should be established against which all such charges should be entered.

It has been our misfortune this year, through the death of our Clerk, Mr. John E. Robinson, to lose the services of one who had proven himself invaluable to the Board, in whose work he took an especial interest.

In appreciation of this, the following resolutions were adopted:

Resolved: That we, his associates in office, as well as the community in which he lived, have lost a valued assistant and friend, one who was conscientious, capable, and in every way trustworthy in his duties; lovable in disposition, and manly in character.

Resolved: That we, the members of the Board of Health, whom he so faithfully served, place on our records this testimonial.

LAURENCE L. PEIRCE, M.D.V.,
GUY E. SANGER, M.D.,

REPORT OF THE BACTERIOLOGIST AND PHYSICIAN TO THE BOARD OF HEALTH.

Board of Health, Arlington, Mass.

Gentlemen: I have the honor to submit my report as Bacteriologist and Physician to the Board of Health for the year ending December 31, 1915.

The routine bacteriological work has been carried on as usual. A schematic view of the year's work follows:

	Total	*Pos.*	*Neg.*	*For Diag.*	*For Release*
Diphtheria	124	15	109	70	54
Tuberculosis	52	27			
Typhoid	36	4			
Malaria	6	0			
For Gonococci	8	2			

Many other examinations are gladly carried out beside the routine work, and the facilities of the laboratory are open to the physicians of the Town at all times.

As Physician to the Board, I have continued to see all cases of contagious diseases before release from quarantine, and have taken the second culture for release in the case of diphtheria, inspected

the homes of applicants for infant boarding, and in general done all the work necessitating medical opinion.

On July 1, 1915, the Tubercular Dispensary was opened according to State law. A portion of the room next to the laboratory was partitioned off for this purpose and is quite satisfactory. At present we are caring for 32 frankly tubercular patients, and have examined the members of the families that have been exposed. Mrs. Elizabeth Peck is the nurse in charge of the nursing end, and supervises the home conditions and care.

The scarlet fever outbreak has taxed our facilities to the utmost, but at the beginning of the new year is entirely under control.

Respectfully submitted,

EZEKIEL PRATT, M.D.,
Bacteriologist and Physician to the Board of Health.

REPORT OF THE INSPECTOR OF PLUMBING.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report as Inspector of Plumbing for the Town of Arlington for the year ending December 31, 1915.

There have been 315 permits granted calling for the setting of 2370 fixtures divided as follows:

Water closets	508
Bath tubs	427
Lavatories	474
Sinks	490
Wash trays	338
Urinals	11
Shower baths with separate setting, requiring trap	5
Butler's pantry sinks	2
Bubbling fountains	8
Slop sinks	1
Dish washer	1
Floor drain	5

There have been made necessary by sewer connections seventeen (17) changes in the main drains requiring water tests. Three (3) grease traps have been installed. The work is generally pur-

sued in conformity with the rules without trouble. Only twice it has been necessary to resort to the courts to enforce orders. In both cases the rulings of the Inspector were upheld.

Usual calls for inspection of work in unsanitary condition in old buildings have been made, and reports of conditions returned to the Board. Inspection of premises having State wards have been made as called for.

I wish, at this time, to thank the Board and other Town officials whose kind assistance and co-operation have helped to make the increasing duties of this office easier.

Respectfully submitted,

GEORGE W. DAY, *Inspector of Plumbing.*

REPORT OF THE FUMIGATOR.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report as Fumigator for the period beginning April 1, 1915, and ending December 31, 1915.

Whole number of cases fumigated, fifty two (52).

Diphtheria, six (6), requiring the fumigation of seven (7) rooms.

Erysipelas, one (1), requiring the fumigation of one (1) room.

Scarlet fever, thirty-seven (37), requiring the fumigation of fifty-five (55) rooms.

Spinal meningitis, two (2), requiring the fumigation of two (2) rooms.

Tuberculosis, seven (7), requiring the fumigation of eleven (11) rooms.

Respectfully submitted,

WILLIAM H. BRADLEY, *Fumigator.*

REPORT OF THE SUPERINTENDENT OF THE HEALTH DEPARTMENT.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my second annual report as Superintendent of the Health Department for the year ending December 31, 1915.

With the increase in population there is naturally a corresponding increase in the amount of work this department is called upon

to perform. For example: In the year 1914 there were collected 4260 single cart loads of ashes, and 942 wagon loads of papers, rubbish, etc., while the present year the collections increased to 4497 single cart loads of ashes, and 1125 loads of paper, the collection of offal increasing in proportion also.

Thus it will readily be seen that the cost and maintenance of this department must increase each year according to the growth of the Town. As in the past year, men and teams for performing this work were furnished by the Highway Department.

The latter part of April, the wages of employees were increased twenty-five cents per day, which caused an additional expense of $490.56 to this department.

The present equipment consists of one double ash cart, two single ash carts, one single ash sled, one paper wagon, three offal wagons, and two new offal pungs which were purchased this year. Two of the offal wagons were re-bottomed, the tires on the ash carts reset, and, with the exception of the new offal pungs, all of the above will require painting the coming year.

Below will be found a classified table of the different features of the work with the cost thereof:

	Labor	*Horses*	*Total*
Ashes	$2,610.45	$1,552.01	$4,162.46
Offal	3,555.09	1,442.82	4,997.91
Paper	1,407.54	482.16	1,889.70
Salary of Superintendent			1,000.00
Sundries			7.32
Supplies			59.44
Repairs			141.60
Equipment			187.00
			$12,445.43
Unexpended balance			154.57
			$12,600.00

For receipts and disbursements, see the Auditor's report.

Respectfully submitted,

WILLIAM H. BRADLEY,
Superintendent of the Health Department.

REPORT OF THE SANITARY INSPECTOR.

To the Board of Health, Arlington, Mass.

Gentlemen: I respectfully submit the following list of nuisances abated during the year ending December 31, 1915.

Cellars, filthy	2
Cesspools, cleaned	21
Garbage thrown in yards	14
Garbage pails, filthy	27
Manure heaps, foul odors from	3
Privy vaults, cleaned	17
Rubbish on vacant land	4
Stables offensive	1
Tenements filthy	24
Yards filthy	8
Total	121

Respectfully,

WILLIAM H. BRADLEY,
Sanitary Inspector.

Inspectors Appointed.

On April 5, 1915, the following appointments were made by the Board, to serve for the year ending March 31, 1916.

Inspector of Plumbing, George W. Day (under Civil Service); Inspector of Milk, Dr. Laurence L. Peirce; Inspector of Slaughtering and Markets, Dr. William T. McCarty; Fumigator, William H. Bradley; Sanitary Inspector, William H. Bradley; Bacteriologist, Dr. Ezekiel Pratt; Physician to the Board, Dr. Ezekiel Pratt.

The Board desires to record its appreciation of the efficient services rendered by these Inspectors during the past year.

LAURENCE L. PEIRCE, M.D.V.,
GUY E. SANGER, M.D.,
ALFRED H. KNOWLES,
Board of Health.

REPORT OF THE INSPECTOR OF SLAUGHTERING.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report as Inspector of Slaughtering for the year ending December 31, 1915.

Animals inspected according to B. A. I. rules and regulations.

Number of calves inspected	1750
Number of pigs inspected	25
Number of sheep inspected	10
Total	1785
Number passed inspection	1750

Number rejected, thirty-five (35), due to lack of age, weight and diseased condition.

Respectfully submitted,

W. T. McCARTY, V.S.,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF MARKETS.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit to you my report as Inspector of Markets for the year ending December 31, 1915.

Markets were inspected at frequent intervals and when any defects were discovered the owners were immediately notified and the conditions remedied.

As a general rule, the condition of the markets at the present time is exceptionally good.

Respectfully submitted,

W. T. McCARTY, V.S.,
Inspector of Markets.

REPORT OF INSPECTOR OF MILK.

To the Board of Health, Arlington, Mass.

Gentlemen: I herein submit to you my annual report as Milk Inspector for the year ending December 31, 1915.

During the year I have continued to analyze a large number of samples, testing the same, not only for fats and solids, but for water, bacteria and streptococci.

The quality of milk which comes to the Town I find to be generally good. I have had several cases where streptococci has been found to exist, and all these cases were quickly attended to.

We have had no epidemics during the year which could in any way be traced to the milk supply.

As near as I can see, the Town consumes over 4000 quarts of milk per day, this milk coming from about eighty so-called local dairies, and from probably three to four thousand distant dairies, brought in by the large contractors.

I have issued 78 licenses to sell milk, 44 to stores and 34 to dealers and peddlers.

Respectfully submitted,

LAURENCE L. PEIRCE, M.D.V.,
Inspector of Milk.

REPORT OF COMMISSIONERS OF CEMETERIES, ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL C. BUCKNAM FUND.

ARLINGTON, February 1, 1916.

The Commissioners of Cemeteries, Soldiers' Monument Fund, Robbins Fund and Samuel C. Bucknam Fund herewith submit their report for the year ending December 31, 1915.

During the year the general work of the cemeteries has received the usual attention, the grounds being maintained at the same standard of care as in former years.

During 1915 the various driveways have had the attention of the Commissioners, 1250 square yards being renewed and 5000 square yards resurfaced, placing these driveways in good condition for some time. During 1916 other driveways will be treated in the same manner. Twenty-five (25) shade and ornamental trees were planted in the various parts of the cemetery, and seventy-five (75) shrubs set out at entrances to plots and angles set apart for that purpose. During the year 100 yards of gravel has been deposited on the Park land adjoining the Mt. Pleasant Cemetery.

The sale of lots and single graves in 1915 shows a decided decrease in the number sold in 1914, when $2525 was turned into the Town treasury available for transfer. In 1915 the amount available is $1080.

Owing to the increase in the wages allowed laborers and the payment of an old employee of the department, the Board recommends that $2500 be appropriated for the maintenance of this department during 1916.

Number of lots sold in 1915		10
Number of single graves sold in 1915		27
Interments:		
Whole number of interments made		145
Interments made in private lots	92	
Interments made in single graves	27	
Interments made in tomb in old cemetery	1	
Interments made in public burial lot	25	
Total	—	145

Stock and Tools on Hand.

During the year, anticipating the work necessary in 1916, the Board has conserved from the gradings made in 1915 the following material for this work:

Loam	550 square yards
Stone for driveways	125 tons
Sand	120 square yards

The tools and appliances on hand are as follows:

Two carts	$55.00

EDWARD A. BAILEY,
Collector of Taxes.

December 31, 1915.

AUDITOR'S STATEMENT.

I have examined the accounts of Edward A. Bailey, Collector of Taxes for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,
Auditor.

December 31, 1915.

AUDITOR'S REPORT.

For the Financial Year Ending December 31, 1915.

The accounts of the Treasurer and Collector have been examined and found to agree with the Auditor's accounts. The cash balances as shown have been verified and found correct.

The accounts of the Trustees of all Trust Funds have been examined and found correct and all securities on hand have been examined and found to be as reported by the Trustees.

There is but one deficit shown in the accounts for the year, Edwin S. Farmer Relief Fund, $4.00, which will be taken from the Income of the Fund in 1916.

No unpaid bills have been reported to this office although some are known to be unpaid. Some of these bills have as yet not been presented.

The accounts in detail are herewith attached.

Respectfully submitted,

GEORGE McK. RICHARDSON,
Auditor.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS.

The Joint Board of Selectmen and Board of Public Works herewith present to the citizens of the Town of Arlington the twelfth annual report of the Board for the year ending December 31, 1915.

The method of electing the members of the Board having been changed, the Board elected in 1915 were as follows, and for the terms indicated:

Selectmen: Willis P. Howard for one year, Thomas J. Donnelly for two years, Horatio A. Phinney for three years.

Board of Public Works: Philip Eberhardt for one year, Henry S. Adams for two years, Robert W. Pond for three years.

This Board, under the provisions of Section 5 of Chapter 3 of the Acts of 1904, constitutes the Joint Board and exercises the duties and authority of the Board of Survey, created by the following act:

"Section 5. Upon the election of said Board of Public Works all the powers, rights and duties and liabilities of the Selectmen in said Town, now existing or hereafter created by law, relating to highways, Town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the terminal and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses for structures upon, under or over highways, or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works created by this Act, sitting jointly as the Board of Survey."

The above Act was accepted by the Town February 8, 1904, and has been in operation since that time.

The newly elected Board met in the office of the Selectmen on

the evening of March 1, 1915, and were sworn to the faithful performance of their duties by the Town Clerk.

The Board organized as follows:

Chairman, Willis P. Howard; Secretary, Thomas J. Robinson.

The following appointments were made, the same to take effect April 1, and continuing one year:

Town Counsel, Philip A. Hendrick; Superintendent of Public Works, Herbert S. Clark; Town Engineer and Assistant Superintendent of Public Works, George E. Ahern; Superintendent of Wires, Reuben W. LeBaron.

The Board meets in the office of the Selectmen alternate Tuesday evenings at eight o'clock.

As will be seen from the provisions of the Act, all business pertaining to the Town, relative to the establishment of new streets, bridges, sidewalks, the assessment of damages or betterments, street lighting, locations for poles, pipe locations, conduits and all other matters pertaining to the use of the highways and the licenses or permits to public service corporations come under the jurisdiction of the Joint Board.

New Streets.

How to bring them before the Town for Acceptance.

During the year the Board, in order to avoid any misunderstanding, adopted the following rules and regulations, governing petitions for the laying out and acceptance of new streets:

1. *Approval of Plans.* No plan will be approved which does not comply with the following Board of Survey Act.

ACTS OF 1897.

(Chap. 249).

An Act to Establish a Board of Survey for the Town of Arlington.

Be it enacted, etc., as follows:

Section 1. The Selectmen of the Town of Arlington shall constitute a Board of Survey for said Town.

Sec. 2. Any person or corporation contemplating laying out or locating and constructing any street or way in said Town after the passage of this act shall before beginning such construction

submit to said Board of Survey suitable plans, to be prepared in accordance with such rules and regulations as said Board may prescribe. Upon the receipt of such plans, together with a petition for their approval, said Board shall give a public hearing thereon, after advertising such hearing once a week for two successive weeks in a newspaper published in said Town, the last advertisement to be at least two days before such hearing, and after such hearing said Board may alter such plans and determine where such street or way shall be located, and the width and grades thereof, and shall so designate on said plans. Said plans shall then be approved and signed by said Board and filed in the office of the Clerk of said Town, who shall attest thereon the date of such filing.

Sec. 3. The Board of Survey shall from time to time cause to be made under its direction plans of such territory or sections of land in said Town as said Board may deem necessary, showing thereon the location of such streets or ways, whether already laid out or not, as said Board shall be of opinion the present or future interests of the public will require in such territory, showing clearly the directions, widths and grades of each street or way, and may employ such assistance and incur such expenses as it may deem necessary therefor, not exceeding the amount of money appropriated by the Town for said purpose. Said Board, before making any such plan, shall give a public hearing as to the locations, directions, widths and grades of streets or ways in the territory to be shown on the plan, after advertising such hearing once a week for two successive weeks in a newspaper published in said Town, the last advertisement to be at least two days before said hearing, and shall after making any such plan give a like notice of hearing thereon, and keep the plan open to the public inspection for one month after the advertisement of such hearing. Such plan thereafter, and after the alterations deemed necessary to said Board have been made thereon, shall be marked as made under the provisions of this act, shall be signed by said Board, and after being so signed shall be filed in the office of the Clerk of said Town, who shall attest thereon the date of such filing.

Sec. 4. The powers of the Board of Selectmen of said Town in regard to highways shall not be abridged by this act in any manner, except as provided in this section, and the powers given

them in this act shall be in addition to the powers now exercised by them. After the passage of this act no street or way in the Town of Arlington, shown on any plan filed as aforesaid, shall be laid out, located anew, altered or widened, and no such street or way, whether already or hereafter laid out, shall be constructed by any public authority, except in accordance with the provisions of this act. If any person or corporation shall hereafter open for public travel any private way, the location, direction, widths and grades of which have not previously been approved in writing by said Board of Survey, in the manner provided in this act, then neither the Town nor any other public authority shall place any public sewer, drain, water pipe or lamp in, or do any public work of any kind on, such private way so opened to public travel contrary to the provisions of this act: Provided, *however*, that this provision shall not prevent the laying of a trunk sewer, water or gas main, as engineering demands may require.

Sec. 5. If any building shall hereafter be placed or erected in said Town upon land within the boundaries of any street or way shown on any of the plans filed with the Town Clerk as herein provided, or on land adjacent to any such street or way, the grade of which at the time of placing or erecting such building is other than the grade shown on said plans, or on land adjacent to any street or way, the plan and profile of which have not been approved by said Board of Survey, no damages caused to any building so placed or erected, by the construction of said street or way as shown on said plans, or caused to any building so placed or erected, or to the land upon which said building is placed or erected, by the subsequent change of grade of any street or way the plan of which has not been approved by said Board of Survey, shall be recovered by or paid to the owner of the whole or any part of the estate of which the land upon which said building so placed or erected formed a part, from or by said Town.

Sec. 6. The said Town may from time to time appropriate sums of money to be expended by said Board of Survey for carrying out the provisions of this act. No expenditures shall be made in excess of such appropriations.

Sec. 7. This act shall take effect upon its acceptance by a majority vote of the voters of said Town present and voting

thereon at a Town meeting called for the purpose, or at any annual meeting of said Town. (Approved April 8, 1897.)

2. *Petition for estimate of cost of construction.* After the approval of plans by the Board the interested parties may on application receive from the Clerk of the Board a blank form of petition requesting the Board to furnish an estimate of the cost of construction of the proposed street. This petition should bear the names of *all* owners of land abutting on the street together with the *signatures* of the parties petitioning.

On receipt of this petition the Board will designate the type of construction and direct the Town Engineer to make an estimate of the cost of this construction.

3. *Petition for the laying out of streets.* A blank form of petition for layout, stating the length, width, type of construction and estimated cost, will then be sent to the petitioner. This petition should also show names of *all* owners of land abutting and their addresses, together with the signatures of as many as possible of the parties desiring the layout. On receipt of this petition the Board will set a date for a hearing and all interested parties will be notified.

4. *Action by the Board at first hearing.* After this first hearing, if, in the opinion of the Board, common convenience and necessity require that the street in question be laid out as a public highway, they so vote and further vote that it is the *intention* of the Board to so lay out. A hearing is then set on the intention of the Board, and all interested parties are notified by warrant served by a Constable of the date of said hearing.

5. *Final hearing on intention of the Board to lay out.* If after the second hearing the Board are still of the opinion that public convenience and necessity require that said street should be laid out as a public way a vote is passed laying the street out in accordance with the plans approved by the Board and a record is made of the description of the street by meters and bounds.

6. *Acceptance by the Town.* After the vote by the Board to lay out it is then within the authority of the Board of Selectmen on petition to insert an article in the Town Warrant for the acceptance of the street. No street can be brought before the Town for acceptance until the foregoing rules have been complied with. The Board would remind all persons intending to petition

for the laying out and acceptance of streets that appropriations for this purpose are only made at the March meeting of each year. The petitions should, therefore, be filed during the early fall months, in order to allow time for hearings before the drawing of the Warrant for the March meeting.

Widening of Massachusetts Avenue.

Water Street to Central Street.

The Board is pleased to report that this work has been done in accordance with the provisions of the decree issued by the County Commissioners. The amount appropriated by the Town for land damages was $4,500, based upon assessed valuation, while the damages awarded by the County Commissioners amounted to $6,302.70. The Board has been able to adjust (at a slight increase over the Commissioners' figures) all claims but two. If the Board can adjust these claims at the figures awarded, it will require an additional appropriation of $2,000. If the Board is called upon to defend suits in the settlement of these two cases the amount necessary cannot, of course, at this time, be estimated. The Board hope, however, that the parties interested will be willing to accept the award of the Commissioners.

Street Betterment Assessments.

During the year the Board were called upon to levy assessments for street betterments on a number of new streets.

The Board has found that this duty is a difficult and at times perplexing one if the interests of the whole Town and the individuals directly interested are to be served with justice and equity to all. In view of the fact that hearings were petitioned for and given to interested parties on some of the streets on which assessments were levied, the Board deems it only proper that they should in this report briefly outline the policy of the Board in levying these assessments.

There can be no hard and fast rule governing the assessment of betterments except those established by law and which say "that the Board may assess one-half of the benefit or advantage therefrom beyond the general advantage to all land in the Town, but that such assessment shall not exceed the cost." This Board has been asked to prepare a comparison table showing the amounts

levied on various streets during the past five years. To do this would be manifestly unfair to the former members of the Board who made the assessments and who were, no doubt, actuated by the same desire to treat all citizens fairly and justly that actuates the present Board. This Board is not familiar with the reasons or the conditions existing at the time previous assessments were made.

The personnel of the Board has entirely changed in the last five years, two members being of four years' standing, two of two years, and two of less than one year. From this it will be noted that the policy of one Board need not necessarily be the policy of succeeding Boards.

The policy of this Board is outlined in this report under the heading of "New Streets."

Each street where assessments are levied must be considered separately and distinctly from other streets as the betterment derived must vary in different sections of the Town owing to the great differences in the soil, the type of construction necessary and the number of people served by the acceptance of the street.

In the case of thoroughfares when a great number of people are served the assessments would not be on the same basis as when a street is accepted that accommodates only the people living on that street.

The Board feels sure that a knowledge on the part of petitioners (as in the case of the large number of new streets to be accepted at the March Meeting) of the cost of each street will prove not only far more pleasant for the Board, but much more satisfactory to the petitioners.

Gray Street Betterments.

Before going into this matter it will be well to have in mind the provisions of Section 1, Chapter 50, R. L., which is as follows:

"In a town which accepts the provisions of this and the eight following sections or has accepted the corresponding provisions of earlier laws, or in any city, the board of city or town officers which is authorized to lay out ways therein *may, at any time within two years after the passage of an order laying out*, relocating, altering, widening, grading or discontinuing a way *and after the work has been completed* or the way has been discontinued, if such

order declares that such action has been taken under the provisions of law authorizing the assessments of betterments, and if in its opinion any land receives a benefit or advantage therefrom beyond the general advantage to all land in the city or town, determine the value of such benefit or advantage to such land and assess upon the same a proportional share of the cost of such laying out, relocation, alteration, widening, grading or discontinuance; but no such assessment shall exceed one-half of the amount of such adjudged benefit or advantage."

It will be seen from the foregoing that betterments may be assessed after the street is completed and within two years after the passage of an order by the Joint Board laying out the way, if such order declares the action to have been taken under the provisions of law authorizing the assessment of betterments.

Under the old law Pub. St. Chapter 51, Section 1, "at any time, within two years after the street was laid out" betterments could be levied, and it was held in the case of Janvrin *v.* Poole, 181 Mass. 463, that the words "laid out" as used in the old Statute meant two years from the date that the street was accepted by the Town. This continued to be the law until 1902, when the Statutes were codified and the old law incorporated in Chapter 50, Section 1, as given above, with the change that the two years should be from the time of the passage of the order of laying out.

Gray Street was laid out by an order of the Joint Board passed March 25, 1911, under the provisions of law authorizing the assessment of betterments. Under the law and in accordance with the Statute the order of layout by the Joint Board must be reported to the Town for acceptance, and at a Town Meeting held November 21, 1911, the Town voted under Article 17, to accept and establish as a public way the extension of Gray Street, so called, from the present end of Gray Street as accepted by the Town in 1897 to Oakland Avenue, as shown on plans approved by the Board of Survey, June 16, 1900, and March 5, 1904, as laid out by the Joint Board of Selectmen and Board of Public Works March 25, 1911, under the provisions of law authorizing the assessments of betterments.

No appropriation for the construction of Gray Street was asked for or made at this meeting. In the report of the Joint Board for the year ending December 31, 1911, the attention of the citizens was directed by the Board to the fact that it would be

necessary to take action during the coming year (1912) in order to retain the rights the Town then had. (Annual Report, 1911, p. 196.)

No appropriation was asked for at the March Meeting of 1912.

At the November meeting of 1912, Article 18 of the Warrant called for an appropriation for the construction of Gray Street. The Committee of Twenty-one recommended and it was so voted by the Town that the subject matter of the Article be referred to the Committee of Twenty-one and to report to the next Annual Meeting. (Annual Report, p. 177.)

In the report of the Joint Board of 1912 under the heading "Summer Street and Gray Street Extensions" the Board said, "The extension of these two streets is again urged upon the Town as, in the opinion of the Board, the cost of these streets will be more than returned to the Town in the increased value of the land and the certainty of a proper development of some of the best areas of the Town." (P. 404.)

At the adjourned meeting of March, 1913, held March 31, the sum of $10,000 was appropriated for the construction of Gray Street.

On October 14, 1915, the present Joint Board levied an assessment of $4,024.11 based upon the construction of that part of Gray Street which was relocated in November of 1913, the date being within two years from the date of relocation. This assessment was protested by a number of citizens and a hearing was given.

Following the hearing a further investigation revealed the fact that the November, 1913, meeting made no mention of the assessment of betterments.

The vote under Article 8, November 1913, was:

"That that part of Gray Street Extension from Robbins Road to Oakland Avenue as accepted by the Town November 20, 1911, and as described on the plan entitled, 'Plan and Profile of Gray Street Extension, Arlington, Mass., showing lines and grades, dated December, 1899, H. S. Adams, C. E.,' and on file in the office of the Town Clerk, be discontinued and abandoned, and that the Joint Board of Selectmen and Board of Public Works be authorized and empowered, in the name and behalf of the Town, to declare the easements and rights of the Town in said land to be abandoned."

Article 9 is as follows:

"That that part of Gray Street Extension as laid out by the Joint Board of Selectmen and Board of Public Works, acting as a Board of Survey, October 20, 1913, as shown on a plan entitled, 'Plan and Profile of Gray Street Extension Relocation, from Robbins Road to Oakland Avenue, G. E. Ahern, Town Engineer. October 11, 1913,' and on file in the office of the Town Clerk, be accepted."

It, therefore, appearing that this assessment has been levied under a misunderstanding of the facts in the case and it appearing that the assessment was invalid and of no effect, the Board on December 14, 1915, recalled the assessment and ordered all sums previously paid on account of said assessment returned to respective parties in interest.

Permanent Sidewalks.

During the year 1915 no appropriation was made for permanent sidewalks, despite the fact that the Board were in receipt of petitions amounting to about $10,000. This does not mean that the Town need appropriate this amount, as the abutters pay a portion. In the opinion of the Board the Town should make an appropriation each year for the construction of permanent sidewalks and sidewalks of a permanent nature should be laid on at least one side of all streets traversed by any considerable number of people. The subject of sidewalks in our Town is becoming an important one and one on which the Town must take some action in the near future. Whether this action should be to include sidewalks (of a permanent nature) in the cost of constructing new streets, whether the Town should bear the whole expense of installing them or whether we continue as at present, the Town paying a portion and the abutters paying the balance, is a question open for discussion with good arguments in favor of each method. The fact remains, however, that a large number of our citizens in all parts of the Town are earnestly requesting the Board for sidewalks, and the Board, realizing that these citizens are entitled to the consideration they seek, recommend that a liberal appropriation be made for the construction of permanent sidewalks the coming year.

Street Car Service.

On October 2, 1915, the Boston Elevated Railway Company put in operation the "trailer" car system between Harvard Square

and Arlington Heights. Like all new departures, the system had its advantages as well as its disadvantages. In the opinion of many of our citizens, however, particularly of residents of the east portion of the Town, the advantages were far outweighed by the disadvantages. Numerous complaints were received by the Board and many conferences were held with the officials of the Company relative to the service. The Board desires to state, in justice to the Company, that the officials endeavored at all times to meet the conditions and difficulties confronting them in a manner to best serve the people of Arlington. The rapid growth of our Town, particularly in the east section, has made the transportation facilities a most difficult one to handle, particularly during what are termed the "rush hours."

The Board are pleased to state that at the present time no complaints are being received and that the Company is doing all that can be done to accommodate our people. This satisfactory condition has been brought about, too, without curtailing the service to our citizens at the Heights or congesting our streets by having cars standing at the center. With the Medford Hillside cars shifting ends on Medford Street our main thoroughfare is clear at all times and at all points. This is a condition that the Board feels to be of vital importance and should be maintained.

Petition for Track Connection at Massachusetts Avenue and Mystic Street.

On April 13, 1915, a public hearing was given on the petitions of the Boston Elevated Railway Company and the Bay State Street Railway Company for leave to make alterations, relocations, and additions to existing locations of the tracks of the companies at the corner of Massachusetts Avenue and Mystic Street. The hearing was held in the Hearing Room in the Town Hall, and was one of the largest attended hearings ever held in the Town. The Town of Winchester was represented by its Board of Selectmen and its Town Counsel. The railway companies were represented by officials and counsel. The subject matter of the petition was very freely discussed by the citizens present and many questions were asked by the officials of the companies. It developed at the hearing that the Public Service Commission had, upon the petition of certain residents of Winchester, issued an order "recommending that the Boston Elevated Railway Company and

the Bay State Street Railway Company co-operate in bringing about the rearrangement of service requested by the petitioners." It further developed that no notice of the hearing given by the Commission, at which the foregoing recommendation was made, had ever been received by the Town, or any of its officials. The Town, therefore, was not represented at the hearing given by the Public Service Commission, and the first notice the Town had that a petition had been presented to the Commission, and that a hearing had been given thereon, was the issuance of the order quoted above. No explanation was made as to why notice had not been served on the Town on a matter of such importance to its citizens.

At the hearing of April 13, 1915, the danger to school children, church-goers and the travelling public was very strongly brought out. Objections to the petitions were made by representatives of St. Agnes Church, members of the School Committee, and Engineers of the Fire Department. No citizen of Arlington appeared in favor of the petition. After the hearing was closed the subject matter of the petition was very carefully considered by the Board, and no necessity for the connection having been shown, and in consideration of the danger to school children and the public, the petitioners were given leave to withdraw.

Subsequently, the Public Service Commission, in view of this action by the Board, called for a conference of the Board, the Selectmen of Winchester and the representatives of both companies, at the office of the Commission, in Boston, on December 9, 1915. The object of this conference was "for the purpose of determining whether the Selectmen of Arlington (Joint Board) are disposed to approve of any location for a connecting track, between the line of the Bay State Street Railway Company and the line of the Boston Elevated Railway Company, or whether any other action may be taken to make effective the recommendation of the Commission hereinbefore referred to.

This conference was attended by the Board and the Town Counsel. During the conference the Commission was informed by the Board that "they were not opposed to the approval of *any location* for such a connection, but that they were opposed to a location at the point petitioned for (Massachusetts Avenue and Mystic Street) on account of the many elements of danger." The Commission was further informed that the Board, acting under instructions from the Town, were now preparing a study

of another outlet from Mystic Street to Massachusetts Avenue, which, when completed, would not only provide a thoroughfare of ample width to properly care for car lines between these points, but would also eliminate the dangerous conditions existing at the head of Mystic Street and the grade crossings at Water and Mill Streets.

Street Lighting.

In 1915 the appropriation for street lighting was $11,516.58. During the year twenty-four (24) new lights have been installed on new streets.

The number of lights in service December 31, 1915, is as follows:

40 candle power, Tungsten incandescent	350
60 candle power, Tungsten incandescent	14
80 candle power, Tungsten incandescent	5
100 candle power, Tungsten incandescent	2
600 candle power, Tungsten incandescent	79
100 candle power, Mazda (all night)	7
	457

Ornamental Street Lights.

Thirty-four 60 watt 56 candle power Mazda incandescent until 12 midnight.

Five 60 watt 56 candle power Mazda incandescent all night.

Four 100 watt 98 candle power Mazda incandescent all night.

During the year the Edison Company, at no expense to the Town, replaced all arc lights of the 425 watt 325 candle power type with 400 watt 600 candle power Tungsten incandescent lamps. This change has made a great improvement in our lighting system, the new lights giving almost twice as much light as the old style arc lights. With the large number of new streets to be accepted the coming year about the same number of new lights will be necessary. There is a feeling among the citizens in various parts of the Town that our street lights should be on the all-night schedule, viz.: one hour after sunset until one hour before sunrise. To do this will necessitate an additional appropriation of about $2400.

New Streets Accepted and Built in 1915.

During the year the following new streets were accepted by the Town and constructed: Windsor Street, Amsden Street,

Melrose Street, Milton Street, Freeman Street, Orvis Road, Woodland Street and Lincoln Street. The appropriation for the construction of these streets was made to be expended under the direction of the Board of Public Works. The detail of the cost of construction will, therefore, be found under the report of that Board.

Summer Street Extension

As the appropriation of fourteen thousand (14,000) dollars for the construction of a portion of this thoroughfare was made to be expended under the direction of the Board of Public Works a summary of the work done will be found in the report of that Board.

Development of New Territory.

During the year the Board has continued to adhere to the policy in requiring that all plans submitted for approval to the Board for the laying out of new streets meet the requirements of the Board. These requirements are simple and not a burden on any one desiring to lay our new territory. As stated in previous reports the Board requires that the petitioners for the approval by the Board of plans submitted, or the applicants for acceptance of a street by the Town, must first meet the requirements of the Board of Survey Act. These requirements are that the street, or way, must, before being approved by the Board, be brought to a grade satisfactory to them.

The Board believes that while the opportunities for ideal development in our Town have materially decreased, there is still enough available territory in the Town to justify us in making every effort to control this remaining area. To this end your Board has insisted that the laws governing the layout of new property be strictly enforced, believing that the great interests of the many in the beautifying of our Town ought not to be restricted by the operations of a few for personal gains only.

TOWN ENGINEER'S REPORT.

ARLINGTON, MASS., January 1, 1916.

To the Joint Board of Selectmen and Board of Public Works.

Gentlemen: Herewith is respectfully submitted the annual report of the Engineering Department for the year ending December 31, 1915.

The Engineering Department furnishes all the Town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done, or contemplated, also keeps careful notes, measurements and locations of new work, additions, changes, and extensions as they may occur and properly records the same for future reference by maps, plans or profiles.

The engineering cost for the year is classified as follows:

Engineering Appropriation: Comprising Town Engineer's salary and cost of preliminary surveys, plans, designs, sketches, etc., and general engineering work for all departments	$2,995.52
New Street Construction: Comprising plans, estimates, lines, grades, etc.	238.55
Highway Division: Comprising surveys, estimates, profiles, lines and grades, and all other engineering work relating to the department,	318.00
Sewer Division: Comprising surveys, estimates, profiles, lines, grades, titles, plans, assessments and all engineering work relating to sewers,	639.46
Water Division: Comprising lines, grades, locations, and plans of mains, gates, hydrants and services, and other matters relating to the water department,	406.76
Massachusetts Avenue Widening: Comprising plans, lines, grades, measurements, etc., for widening Massachusetts Avenue on the north side, from Water Street to Central Street,	29.67

Storm Drains: Comprising surveys, plans, lines and grades, etc.,	$23.69
Summer Street Extension Appropriation: Comprising surveys, plans, profiles, estimates, lines, grades, contracts, specifications, and supervision of the work done by the contractor,	855.95
New High School Site: Comprising grading plans, contracts and specifications, lines, grades, and supervision,	261.41
Topographical Survey: Comprising surveys, studies, plans, etc., for proposed new streets in accordance with topographical plan,	91.10
Planning Board: Comprising surveys, estimates, plans, etc.,	52.75
Board of Survey: Comprising plans, etc.,	28.62
Wire Department: Comprising plans, etc.,	1.70
Street Watering: Comprising measurements, assessments, etc.,	.55
Permanent Sidewalks: Comprising measurements, etc.,	2.92

Streets Accepted as Public Highways in 1915 Under the Betterment Act.

Total					3,856 feet.

For cost and details of construction see Board of Public Works Report.

Plans and specifications were prepared and bids obtained from contractors for constructing these streets; also lines and grades were given and stone bounds set to define and preserve the street lines; taking plans were made and the betterment assessments have all been computed.

Acceptance and land-taking plans were made of Summer Street Extension from Mystic Street to the Lexington Town Line, also

plans and specifications were prepared and bids for its construction received.

The contracts for doing the work were made with Francis J. Mague, the lowest bidder.

Plans were made and lines and grades given for widening Massachusetts Avenue ten feet on its northerly side from Water Street to Central Street, thus providing a street eighty-five feet wide opposite the new Town Hall. Underground conduits were installed in this section by the Edison Electric Illuminating Co. and the Boston Elevated Railway Co., and the work of placing existing overhead wires in these conduits and removing the poles is to be done the coming year.

A thirty-six inch storm drain was laid through the New High School lot from Mill Brook to Massachusetts Avenue. This drain is the outlet for a large portion of Massachusetts Avenue and Highland Avenue and is of sufficient size to serve the Locke Farm when that is developed.

During the year a total length of 6,510 feet of main sewers was constructed and 221 house connections were made. Sewer assessment plans of the work are all completed and all house connections located.

Lines and grades were given for laying 10,117 feet of water mains and record plans made showing the location of new mains, hydrants, gates, etc.

Plans of Amherst Street, Bowdoin Street, Cornell Street, Dartmouth Street, Exeter Street, Fordham Street, Frost Street (Wright Street to Forest Street), Gaylord Street, Hawthorne Avenue Extension (Highland Avenue 512 feet northwesterly), Hayes Street, Heard Road, Lennon Road Extension (Summer Street 250 feet southwesterly), Maynard Street, Mystic Lake Drive, Newland Road Extension (Forest Street 789 feet westerly), Nourse Road, Nourse Street, Overlook Road (Summer Street to Peter Tufts Road), Park Avenue Extension (Frost Street to Forest Street), Rawson Road, Sunset Road Extension (Forest Street 627 feet westerly), Thorn Road and Yale Street were verified by this department and approved by the Board of Survey after stone bounds had been set in accordance with the data shown on the plans.

Surveys have been made for Ridge Street and Crosby Street, so called, through land owned by Messrs. Crosby, Winn and others, substantially as shown on plan accompanying the Report of the Topographical Committee.

The Metropolitan Park Commission graded a portion of the boulevard from Mystic Street to Medford Street with gravel excavated from Mt. Pleasant Cemetery, and I understand that the work is to be continued the coming year. This is an economical arrangement, as a large part of the cemetery will be graded without any cost to the Town and the Park Commission will obtain good gravel convenient to the work at a minimum cost.

Plans and specifications for grading the New High School grounds were prepared and the work executed under the direction of the Town Engineer.

Plans and estimates were made for a proposed street from Mystic Street to and across Summer Street, thence across the location of the Boston & Lowell Railroad to Massachusetts Avenue. These plans are being considered by the Board of Survey and the Planning Board, and a report will be made at an early date.

Street numbering plans of all new streets have been made and numbers assigned to all new buildings.

As petitioned for by the abutters, the County Commissioners have laid out Appleton Street, 40 feet in width, from Wachusett Avenue to the Lexington Line.

Plans have been made by the various companies and corporations and filed in the Town Engineer's office, showing the locations of gas mains, poles, tracks, and conduits in this Town which have been granted by the Joint Board during the year; and the work of placing overhead wires in underground conduits and removing all poles from the streets should be extended as rapidly as possible.

I recommend that building lines be established on Medford Street from Massachusetts Avenue to the Medford Line, as the County Commissioners have the question of widening this street under consideration.

I earnestly recommend that the new channel of Alewife Brook, which now terminates at Little Spy Pond, be extended to Spy Pond as was originally planned. This would provide an outlet

for the Pond and improve its sanitary condition and also give the townspeople a continuous waterway to Boston Harbor.

Annexed to this report is a table giving the names of all streets in the Town, public and private, lengths, widths, and total mileage; also a table of general statistics pertaining to the Town.

Respectfully submitted,

GEORGE E. AHERN,
Town Engineer.

Arlington, Mass.

REPORT OF THE SUPERINTENDENT OF WIRES.

Arlington, Mass., February 1, 1916.

To the Honorable Board of Selectmen and Board of Public Works.

Gentlemen: I respectfully submit my sixteenth annual report as Superintendent of Wires for the year ending December 31, 1915.

Street Lighting.

On May 3rd, 4th and 5th the Edison Company made a very important change in the Street Lighting System, without cost to the Town, by replacing all arc lights, of the 425 watt, 325 candle power type, with 400 watt, 600 candle power, Tungsten (nitrogen gas-filled) incandescent lamps. This new type of incandescent light gives much more satisfactory results from a lighting standpoint than was ever possible with the arc light; the candle power of this new type of incandescent lamp being nearly double of arc light used heretofore.

Thirty-one (31) new lights were added to the Street Lighting System during the year and seven (7) were removed, making a net addition of twenty-four (24) new lights in use over the year before..

"All Night Lighting."

It would seem with the rapidly increasing population that the time for the Town to consider "All Night Lighting" is now at hand, as there appears to be a demand that this change should be made

Poles and Wires.

During the past year one hundred and sixty-five (165) poles were replaced throughout various streets in the Town by the Electric Companies owning same, as follows:

Edison Electric Illuminating Co. of Boston.....	110
New England Telephone and Telegraph Company.....	54
Middlesex and Boston Street Railway Company.....	1
Total.....	165

A careful inspection was made by the electric companies of all poles in the Town during the year 1915 and replacement of any doubtful or unsafe poles was made as rapidly as possible. Many more poles will be replaced as rapidly as possible in accordance with inspection records showing condition of same. Twenty-eight (28) poles were set in new locations as per petition granted; eleven (11) of these new locations granted in accordance with plans submitted to the Edison Company, and seventeen (17) to the New England Telephone and Telegraph Company. At the request of this department a complete record has been submitted by the various electrical companies owning poles in the Town showing locations by streets and number of poles. This is the first record ever submitted to the Town as to the exact number of poles on the highways.

The total number of poles and companies owning same on accepted streets and private ways and not including any poles on property of the Boston & Maine Railroad is as follows:

Edison Electric Illuminating Company, of Boston	934 poles
Edison Electric Illuminating Company, of Boston, and New England Telephone & Telegraph Company	175 poles
Edison Electric Illuminating Company, of Boston, and Boston Elevated Railway Company	233 poles
New England Telephone & Telegraph Company, of Massachusetts	427 poles
New England Telephone & Telegraph Company, of Massachusetts and Edison Company	335 poles
New England Telephone & Telegraph Company, of Massachusetts and Middlesex & Boston Street Railway Co.	18 poles
New England Telephone & Telegraph Company, of Massachusetts and Boston Elevated Railway Company	219 poles
Bay State Street Railway Company and Edison Electric Illuminating Company	70 poles
Middlesex & Boston Street Railway Company	6 poles
Middlesex & Boston Street Railway Company and Edison Company	12 poles
Boston Elevated Railway Company	*7 poles
Boston Elevated Railway Company, and Town of Arlington	*11 poles
Town of Arlington	*6 poles
Total number of poles on streets, December 31, 1915	2,453 poles

*Iron Poles.

Underground Conduits.

With the widening of Massachusetts Avenue between Water and Central Streets systems of underground conduits were built for wires which will be placed under ground as soon as other sections of proposed conduits are built in conjunction with plans for the removal of all aerial wires and poles in the business center

of the Town. The Boston Elevated Railway Company built conduits from Court Street at end of existing conduits owned by this company to a point near Jason Street, these conduits being now ready to receive wires of the feeder system of the street railway at a later date. The Edison Company completed a conduit system from Water Street to Church Avenue connecting to existing conduits of the underground wire system now installed on Academy Street and to New Town Hall. Service wires for commercial lighting were installed in new conduits built between Water and Court Streets and the new business blocks built in this vicinity are now connected to this underground wire system. Street lighting, power and other wires will be placed in conduits at some future date and provision has been made for connection to proposed new street lighting lamp posts that will be installed with the completion of the underground wire systems. The Edison Company built a system of underground conduits for power and lighting wires on Schouler Court, from Massachusetts Avenue to basement of New High School, to supply service to this building. Conduits and wires were installed by the Edison Company on Medford Street, from a point near Massachusetts Avenue to new theater building on this street. This small section of conduits will become a part of the main system to be built on Massachusetts Avenue in the future.

Inspection of Wires in Buildings.

Owing to the large amount of building in the Town during the past year and also the aggressive campaign made by electrical interests to promote the use of electrical appliances for light, heat and power, the Inspection of Wires Department has been taxed to its utmost to enforce requirements governing electrical installations. The many new appliances put on the market for sale add greatly to the duties of an Electrical Inspector to determine whether such various devices installed do conform to requirements and are safe for use; also all wiring supplying current for same has to receive careful consideration as to proper capacity.

During the past year this department made one thousand sixty-two (1062) inspections of wiring and other appliances used for light, heat and power. A part of these inspections were made in two hundred sixty-two (262) new buildings built and in one

hundred twenty-seven (127) old buildings which were wired during the year. The balance of inspections made were in several hundred other buildings where additional wiring was installed on existing electrical systems.

The following specified schedule of electrical inspections made of lights and other appliances installed is respectfully submitted:

Electrical Installation New High School.

One of the largest electrical installations requiring inspection during the past year was at the new High School building. The electrical equipment in this building consists of 404 lights of all candle power with other wiring installed (not now in use) for about 100 additional lights. Seven (7) electric motors are used as follows: Two (2) ¼ horse power and two (2) 20 horse power for heating and ventilating systems; one (1) 1 horse power, one (1) 5 horse power and one (1) 10 horse power motors

are used for machinery in Manual Training Department, making a total installation of 56½ Horse Power in use. Provision has been made for one (1) 5 horse power in laboratories for operating a motor generator at a later date. One (1) stereopticon lamp was installed with a capacity of 30 amperes; also wiring is installed for a second light of this class. The entire electrical installation is of the best, and most careful attention was given by the Inspection Department to ensure a safe and reliable system.

Electrical Fires.

Two (2) electrical fires have occurred during the year which in both cases were found not to be due to any defects in the systems in use. One fire being caused by the short circuiting of a lamp cord, by user pulling same under a metal door and cutting through the insulation and igniting some loose paper and excelsior near where cord was damaged. The second fire was caused by squirrels building a nest under floor of a house near a chimney amongst quite a number of wires at this point. The insulation of these wires was gnawed by these animals and when wires came together the light material forming nest was fired causing about $200 damage before fire was extinguished. It was found that the wires from which the fire started were "improperly fused" from a safety standpoint, extra heavy fuses being in use in violation of inspection requirements. If a six (6) ampere fuse had been in use in this building on the particular circuit on which fire occured there never would have been a fire as this small fuse would have quickly blown and caused no trouble. This Department again calls the attention of citizens using electric light, heat or power, to use care in replacing any fuses blown by others of proper capacity and in accordance with amount of current to be used. Never use a fuse of over ten (10) amperes capacity on any lighting circuit, and it is recommended that six (6) ampere fuses be used for this purpose rather than the larger size. No electrical system, when inspected, is approved by this department, for the use of fuses over six (6) amperes capacity, without special permission. When fuses blow and lights go out do not have some one replace same "who knows all about electricity," as there is much that "all" do not know about same, but have someone who knows something about fuses make the repair. Be sure that the right

size fuses are used, as they are the "safety valves" of your electrical system and by so doing you may prevent a visit of the Fire Department.

Licensing of Electricians, (Chapter 296, Acts of 1915).

On September first, nineteen hundred fifteen, a new State law became effective wherein all persons, firms or corporations engaged in the business of installing wires and other appliances for light, heat and power, shall be licensed. This law is now being enforced and it is unlawful for any person to make repairs or install any wiring, fixtures or other fittings, to be used for light, heat or power, in any building without possessing said license as required by the Commonwealth of Massachusetts. The Electrical Inspection Departments are expected to see that this law is enforced as a compliance of same means that satisfactory work will be done and the systems installed will be in accordance with requirements governing such installations.

Fire Alarm.

In accordance with appropriation made by the Town many important additions and changes were made on the Fire Alarm System during the year 1915. Four (4) new fire alarm boxes were installed in such locations as deemed most necessary by the Fire Chief and Wire Superintendent. On September 9 four fire alarm boxes were put in commission on the following specified streets:

Box 214, Corner Marathon Street and Waldo Road.

Box 223, Corner Everett and Raleigh Streets.

Box 423, Corner Highland Avenue and Gloucester Street.

Box 82, Corner Oakland Avenue and Gray Street.

Nine (9) signal wheels were installed in transmitter box in Central Fire Station to cover districts not at present protected by street boxes. Seventy hundred thirty-four (7034) feet of insulated iron wire was used to make connection to new boxes. All aerial wires of system were thoroughly inspected and strengthened as deemed necessary to ensure good service.

On underground construction important additions were made to both Fire Alarm and Police Signal Systems. New iron terminal posts were installed on Massachusetts Avenue for Fire Boxes

Nos. 42, 45 and 47. Police Boxes Nos. 41 and 44 were placed on underground terminals, also two (2) iron cable post terminals were set for proper division of underground wires at points where no fire or police posts could be located, to allow for testing points on the underground wires. Between Walnut and Appleton Streets on Massachusetts Avenue and for tap connections to side streets near these points fifteen hundred seventy (1570) feet of two (2) wire lead-covered cable and twenty-three hundred seventy-five (2375) feet of four (4) wire lead-covered cable was installed in conduits connecting with existing underground wires near the Highland Fire Station. Nine hundred twenty-nine (929) feet of insulated iron wire and two hundred fifty-five (255) feet of aerial cable was used to connect new sections of aerial wire construction on Forest Street, made necessary by new underground wires installed. All aerial wires for Fire and Police Systems were removed on Massachusetts Avenue, between Brattle and Appleton Streets, also the old fire alarm wire that has been in use for many years on railroad poles between Brattle and Forest Streets was abandoned. This substantial increase of underground wires adds greatly to the reliability of the signal systems, and additions should be made as rapidly as the Town's finances permit for the extension of systems to the Heights section of the Town, until all aerial wires are removed from Massachusetts Avenue. The underground wire system of the Fire Alarm and Police Signal is now completed from the Cambridge Line to corner of Massachusetts Avenue and Appleton Street, also the fire alarm wires are underground on Pleasant Street from Massachusetts Avenue to a point near Belmont Town Line. At the Central Fire Station a new special dust-tight cabinet was installed in which were placed the relays and other delicate electrical apparatus used in conjunction with the Somerville and Medford Fire Alarm Systems. A special switching device was placed in this cabinet allowing connections to each of the two fire alarm circuits with which this station is connected, in case either circuit should become inoperative. Among the many pieces of trouble experienced in maintaining a fire alarm system in a town of our population was one on December 2, about 4.00 P. M., when the circuit covering the Heights section of the Town went out of commission. This

trouble was quickly located on Forest Street, where it was found that a road contractor building the new boulevard at this point to expedite construction had used an extra heavy charge of dynamite; in consequence the ledge to be removed was blown to pieces also the pole line with all wires of the fire alarm, electric light and telephone systems were destroyed. While this mixup was being straightened out a call came by telephone for a fire in the Heights district. This alarm was promptly sent out from transmitter box as No. 62 on other working circuits of the fire alarm, allowing a prompt response of the department. Other troubles sometimes difficult to locate occur when an excavation is being made on streets where underground wires exist and some laborer puts a pick through a conduit and if trouble does not indicate at that time no report is ever made and later corrosion takes place on the damaged wires and an all night job may be at hand picking up frozen manhold covers, pipes, etc., to locate this trouble. This class of trouble has been experienced by the Wire Department quite a few times in recent years and is a part of many other troubles of maintaining Municipal Signal Systems of which a large majority of citizens have no knowledge.

Police Signal.

One new police signal box was installed on September 23, at corner Marathon Street and Waldo Road. This box is numbered 142 and covers a thickly settled section of the eastern part of the Town. Thirty-one hundred sixty-six (3166) feet of insulated iron wire was used to connect this box. The police signal has given the same excellent service during the year as in the past since installed in 1906.

Inventory of Fire Alarm and Police Signal Apparatus.

The inventory submitted by this Department to your Honorable Board of electrical apparatus of the Fire Alarm and Police Signal Systems in buildings may be of interest to citizens as to the value of same. The total value of this electrical apparatus as owned by the Town is twelve thousand seventeen (12,017) dollars, this apparatus being in buildings as follows:

Old Town Hall,	Fire Alarm and Police Signal Apparatus...	$6,728
Central Fire Station,	Fire Alarm and Police Signal Apparatus...	1,720
Highland Fire Station,	Fire Alarm and Police Signal Apparatus...	1,306
Hose No. 1 Station,	Fire Alarm and Police Signal Apparatus...	205
Crosby School,	Fire Alarm and Police Signal Apparatus...	538
Peirce & Winn Building (Heights), Fire Bell, Etc.		1,385
Other Buildings, Fire Gongs, Etc.		135
Total		$12,017

The approximate value of street signal boxes, aerial and underground wires, pole fixtures, etc., is ten thousand (10,000.00) dollars. An inventory of this part of signal system is soon to be made to determine correct value.

New Battery Rack.

A new steel battery rack was purchased this year for the storage batteries at Fire Alarm Headquarters. This new rack is constructed in accordance with the latest Underwriters' Requirements and is to replace old wood rack now in use since the year 1900. This new rack will be placed in service this coming year in room above where present batteries are located in Old Town Hall Building. After many years' request the Wire Department has been provided with a suitable stock and workroom in basement of Old Town Hall Building. Suitable quarters were absolutely necessary owing to the rapidly increasing amount of wire, cables, pole fixtures, etc., which has to be on hand at all times for construction and emergency service.

Record.

On September 15 and 17 the No School Signal was sounded, dismissing the schools on account of extreme heat. This is the first time, since the Fire Alarm was installed in 1889, that a "No School" signal has ever been sounded dismissing schools for other than stormy weather.

Recommendations.

I respectfully recommend the installation of two (2) fire alarm boxes to be located in thickly settled sections of the Town where buildings are in close proximity and where the quicker an alarm

can be sounded the less possibility of a serious conflagration. These boxes to be placed as follows:

Massachusetts Avenue, near Trowbridge Street.

Massachusetts Avenue, near Everett Street.

This department does not recommend any more additional boxes for the coming year, as much expensive construction should be done towards renewing underground wires in the central part of the Town which is absolutely necessary to ensure proper service on all other sections of the signal systems. The underground wires in the central part of the Town (which is the heart) of the signal systems have been in service 15 years and serious trouble has been experienced in recent years by injury to these wires from dampness, gases and other causes beyond control. Additional wires are required on systems to prevent overloading of circuits and for other service. In addition the renewal of underground wires in other sections of the Town need attention owing to many years of use and rapidly deteriorating insulation. A new fire-proof terminal switch board should be placed in basement of Old Town Hall Building this coming year for making connections to underground wires with electrical apparatus in this building. The citizens of the Town should give careful consideration to the requirements of the Wire Department as enumerated in this report, as recommendations specified are absolutely necessary if the Town desires reliable service from its Fire Alarm and Police Signal Systems.

Respectfully submitted,

REUBEN W. LEBARON,
Superintendent of Wires.

REPORT OF TOWN COUNSEL.

To the Honorable Board of Selectmen and Board of Public Works for the Town of Arlington, Mass.

Gentlemen: I herewith hand you my report as Town Counsel for the year ending December 31, 1915.

At the close of the year there are pending before various Courts the following cases in which the Town is a party:

Petition of David Irwin for an assessment of damages for the taking of land for the extension of Summer Street.

A Bill in Equity brought by the Town against the Bay State Street Railway Company seeking an interpretation of the location grant agreements given by the Town to the Arlington & Winchester Street Railway Company in 1897.

The suit of Frank Reynolds for injuries sustained by fall of poles on Broadway.

The suit of Catherine Broderick, who claims to have contracted typhoid fever while a tenant of the Town.

The Town was represented before the Public Service Commission at several hearings relative to the transportation accommodations of the Town.

The Town was also represented before the Gas & Electric Light Commission relative to the reduction in the price of gas which has been ordered reduced to a maximum of $1.10 per thousand, together with other findings which will be of material benefit to the Town at some future date.

The suit of George H. Russell against the Town for the taking of land on the shores of Mystic Lake was settled on the payment of $560.

The suit of Teresa Nelligan for injuries growing out of a defect in the highway was settled for $15.

Work on the adjustment of damages for the taking of land for Summer Street has gone on steadily since April and about 65 per cent of the amount has been settled at the figures awarded by the Board.

The general routine work has been attended to.

Respectfully submitted,

PHILIP A. HENDRICK, *Town Counsel.*

REPORT OF THE PLANNING BOARD.

At the annual Town Meeting, Mr. Henry W. Hayes was elected a member of the Board to fill the vacancy caused by the declination of Mr. H. S. Adams to again serve, owing to the pressure of private affairs.

The Board now consists of the following members: Henry W. Hayes, Chairman, Harry G. Porter, James P. Parmenter, Cyrus E. Dallin and Robert W. Pond. On November 11, 1915, Jacob Bitzer was appointed Secretary.

During the year the Board has held meetings at which problems of the future development of the Town have been discussed and preliminary plans outlined.

The Board hesitates to recommend any large improvement to the Town at this time, as the development has not reached the point where such measures are imperative, and particularly from the fact that the Town is already committed to large expenditures for various improvements and extensions of the public service. However, the members of the Planning Board have been active in the Massachusetts Federation of Planning Boards and also in the Council of Fifty, under whose direction a convention and exhibit was held by the Homestead Commission at the State House in November, and have also been in touch with all matters that have come up through State and city authorities bearing on Planning Board subjects and the effect of all discussions, regulations and suggestions having to do with the local conditions.

It is not the policy of the Board to lead the way to extravagant expenditures, but there are some public improvements which the Town must consider in the very near future. Of these, three of the most prominent are, enlargement of school buildings, establishment of building lines on Massachusetts Avenue, between Academy Street and Lowell Street, and better connection with the Mystic Street section from the vicinity of the Town Hall.

At a meeting of the Board held November 18, the Superintendent of Schools appeared before the Board and called attention to the pressing need of providing more school facilities. After consultation with the School Committee, this Board recommends that action be taken as described in detail in the School Committee report, viz.: That the Cutter School be enlarged with as little delay as possible, that sufficient adjoining land be taken for a playground, and that in the near future further accommodations be provided in the Crosby district. These measures are urgent.

The widening of Massachusetts Avenue, from Water Street to Academy Street, has been completed, and the Board is of the opinion that the extension of this widening to Lowell Street should be made possible by the establishment of building lines.

The Planning Board has recommended to the Joint Board that such lines be established under authority given the Joint Board by Section 103, Chapter 48, Acts amended by Chapter 572, R. L. of 1893, which reads as follows:

An Act to Authorize the Establishing of a Building Line on Public Ways.

Be it enacted, etc., as follows:

Section 1. The Board or officers' authority to lay out city or town ways may in the manner prescribed by law for giving notice of an intention to lay out any such way, give notice of an intention to establish a building line, parallel to, and not more than twenty-five (25) feet distant from any exterior line of a highway or city or town way, and after said notice may pass a vote establishing such building line, and in case of a city, upon the recording of said vote in the records of the city, or in a town, upon the acceptance of said vote by the inhabitants of the town at a town meeting called as provided by law, said building line shall be established; and until another building line shall thereafter be established in the same manner, no structure shall thereafter be erected, placed or maintained between such building line and such way, except that steps, windows, porticoes and other usual projections appurtenant to the front wall of the building may be allowed in such restricted space, to the extent prescribed in the vote establishing such building line.

Section 2. Any persons sustaining damage by reason of the establishment of such building line shall have the same remedies for obtaining payment therefor as may be prescribed by law for obtaining payment for damages sustained by the laying out of a highway in such city or town.

Section 3. This Act shall take effect in any city when accepted by the City Council thereof, and in any town when accepted by a majority of the legal voters thereof present and voting thereon at a town meeting called for the purpose.

This Act was accepted by the Town at a meeting held on March 31, 1913.

The Board has caused letters to be sent to the abutting owners explaining the objects of this proposition and asking for co-operation, and has been gratified to receive almost unanimous endorsement by the abutting owners. If the Town accepts this recommendation, it is the opinion of the Board that building lines should be established on several other of our main thoroughfares, as this is the only way to secure the possibility of future widening in these thoroughfares without prohibitive expense and to prevent encroachment on existing open spaces.

A better connection to the Mystic Street section from Massachusetts Avenue has been under discussion for some years, and definite plans for the construction of such connection should be decided upon as quickly as possible, with a view to economy in construction, in the taking of land, etc., as well as to the betterment of street railway transportation facilities and the elimination of grade crossings.

The Board has under advisement a plan contemplating the widening of Central Street and the taking of private land so as to connect with Mystic Street near Glen Avenue, connecting also Russell Street with the proposed street and doing away with crossings in Mill Street and Water Street. It is a large matter and varied interests have to be consulted. The Board is making a careful study and after conference with the railroad authorities will be in a position to make a definite recommendation to the Town.

The Planning Board believes it is its duty to act in an advisory capacity and not to interfere with the work of the Departments

of the Town; also to keep closely in touch with the growth and development of the Town, to make suggestions or recommendations from time to time and to prevent the unnecessary expenditure of money now or in the future.

Respectfully submitted,

HENRY W. HAYES, *Chairman*,
HARRY G. PORTER,
JAMES P. PARMENTER,
CYRUS E. DALLIN,
ROBERT W. POND.

REPORT OF TREE WARDEN.

I herewith submit my report as Tree Warden for the year ending December 31, 1915.

The office of Tree Warden means much when taken into consideration. Upon him devolves the custody of all public shade trees within the limits of the Town. I have endeavored to do my duty in a fair and impartial manner. I may have failed to satisfy some, but they must realize that I must take a broad, yet conservative view of all cases coming under my consideration, and act on them reasonably for the general good of all concerned.

Tree Planting.

Owing to the lateness of the Town in making an appropriation for new trees, I was unable to do any spring planting. In the fall I set out 100 Norway maples and 101 lindens, and placed a guard round each tree. There are a number of small trees that are unprotected, and many of these have been ruined by horses, and the mischievousness of boys.

Leopard Moth.

I again wish to call the attention of the citizens to the destruction that is caused by this borer, not only to shade trees, but to all other trees. I hope that all the owners of private estates will do all they can to check this borer on property controlled by them.

Removal of Trees.

During the year eighteen dead trees were removed. The probable cause of their decay, in my opinion, was due largely to lack of moisture, followed by an attack of borers. In two cases I claim the main cause was gas poisoning, and the Gas Company reimbursed the Town for the cost of their removal. Eleven dangerous, or trees obstructing travel, were posted, and hearings held, and as no objectors appeared at any of the hearings, these were re-

moved. On Grafton Street two large maples were removed from the middle of the sidewalk to the edge.

Wires.

The condition of the wires through the trees is a very important matter, and we shall always have trouble from burning until they are put underground. I wish to testify to the prompt manner in which the Edison Light Company attends to all complaints. They have been willing at all times to conform to the laws, and to meet the wishes of the Tree Warden. Through the combined efforts of the Tree Warden and the Inspector of Wires, we compelled the Bay State Street Railway Company to re-run their wires the entire length of Mystic Street, so that now this line is in a much better condition.

Conclusion

I would recommend that $1500 be appropriated this year — $750 for the planting of 300 new trees, to be set on the following streets: Freeman, Melrose, Milton, Varnum, Magnolia, Amsden, Winsor, Trowbridge, Cliff, Draper Avenue, Florence Avenue and Orvis Road; $250 for 400 Lombardy poplars for the New High School lot; and $500 for the removal of dead and dangerous trees, and for the general care and maintenance of existing trees.

The following gives the nature and location of work done the past year:

REPORT OF BOARD OF PARK COMMISSIONERS.

Arlington, Mass., January 2, 1916.

The Board of Park Commissioners desire to submit the following report:

There has been little change in the work of the Commission the past year. The principal matter requiring the attention of the Board has been the settlement for land taken on the shores of Mystic Lake for park purposes and turned over to the Metropolitan Park Commission. This Commission having already built part of the Boulevard to subgrade, it looks as if the work might be completed in the near future. The triangles on Medford Street were planted this year, and one hundred 36-inch pines were set out in Menotomy Park. The seedling pines set out in this park a few years ago are growing rapidly and if they are left to grow they will make quite a showing in a few years. To keep this park up, it needs a caretaker about all the time during the summer and fall.

Outside of the planting, the appropriation this year has all been expended in the care of the various parks under our jurisdiction.

Respectfully submitted,

C. H. GANNETT,
WILLIAM W. CROSBY,
WILLIAM E. LLOYD,

REPORT OF BOARD OF PUBLIC WORKS.

The Board of Public Works herewith submits its annual report for the year ending December 31, 1915.

At the Town Meeting held on March 1, 1915, Philip Eberhardt, Henry S. Adams and Robert W. Pond were elected members of the Board for one, two and three years respectively. The Board organized on March 1, 1915, with the choice of Henry S. Adams as Chairman.

Mr. Henry W. Hayes, who has given most efficient service to the Town for the past eight years as member of the Board of Public Works, is now Chairman of the Planning Board, the Town thereby continuing to have the benefit of his experience and judgment.

Appointments.

At a meeting held March 8, 1915, Harold N. Willis was appointed Clerk of the Board. March 29, Herbert S. Clark was appointed Superintendent of Public Works, George E. Ahern, Assistant Superintendent of Public Works, and Harold N. Willis, Water Registrar and Bookkeeper. These appointments were from April 1, 1915.

Meetings.

The regular meetings are held each Monday evening. During the year the Board held fifty-two regular and eight special meetings.

The following are the net expenditures made under the direction of the Board:

Highway Division	$35,891.70
Sewer Extensions	8,768.23
Sewer Maintenance	1,777.68
Water Extensions	11,522.99
Water Maintenance (includes interest, sinking fund and Metropolitan Water Assessment)	61,886.38
Permanent Sidewalks	127.38
New Street Construction	9,483.23

Street Watering	$5,000.00
Hutchinson Road	11.31
Massachusetts Avenue Widening	1,870.80
Storm Drains	3,633.63
Summer Street Extension Construction	8,562.06
Snow and Ice	2,998.20
	$151,533.59

Highway Division.

During the year Jason Street was reconstructed from a point opposite No. 36 to Gray Street; Broadway on the Northerly side from Warren Street to Gardner Street and on the Southerly side from Harlow Street to Marathon Street; and Medford Street on its Easterly side from Lewis Avenue to opposite No. 119. The total cost of this work was $5,000.29.

The following streets were resurfaced at an expense of $2,973.88.

Prospect Avenue, Park Avenue to Hillside Avenue.

Hillside Avenue, Prospect Avenue to Oalkand Avenue, entire width, Oakland Avenue to Florence Avenue, westerly side.

Appleton Street, Florence Avenue to Massachusetts Avenue.

Warren Street, Franklin Street to Palmer Street.

River Street, from the Boulevard to the bridge.

In addition to the above, the sum of $8,189.27 was expended on the care and repair of public streets. Under this head is included the cost of tar patching parts of streets that were beginning to show undue wear and depressions in the surfaces, thereby improving the surfaces and postponing until some future time the necessity of reconstructing or resurfacing same.

The sidewalks were gone over carefully, in some instances being built up with cinders and elsewhere given a top dressing of fine stone. The cost of this work was $3,077.27.

Owing to the heavy rains in January and July, the storm drains and catchbasins required an unusual amount of attention and more waste material was removed from the latter than has usually been the case.

As there was no appropriation made for permanent sidewalks, what little work was done in this particular had to be paid for out of the Highway appropriation.

There were constructed two short lengths of tar walk, one on Winter Street in front of the Crosby School and the other on Appleton Street near Acton Street. This type of sidewalk can be constructed for about fifty cents per square yard, and the Board recommends that the Town adopt a policy of appropriating a given sum each year for the construction of tar walks.

An appropriation of $1,870.80 was made for the widening of Massachusetts Avenue on its northerly side, between Water and Central Streets, and the relaying of the sidewalks, relocation of edgestone and resurfacing the roadway. The work, owing to the delays caused by the construction of the new stores, the laying of public service conduits, and construction of retaining walls, cost $2,977.60, the excess being taken from the Highway appropriation.

The Town appropriated the sum of $5,000 for street sprinkling and treatment for the prevention of dust. In addition to this amount the Highway Department was obliged to draw upon its appropriation to the extent of $2,795.85 to do the necessary amount of work.

Davis Avenue was constructed from the top of the hill to Orient Avenue. Paved gutters were put in on both sides; the cost of this work being $629.83.

Eight streets were accepted by the Town at its March meeting in 1915 and have been constructed at a total cost of $9,483.23. The Board advertised for bids for a portion of this work and received replies from five reputable contractors. None of the bids were accepted, as the Board considered them too high, and it was decided that the work be completed with the town equipment. It is gratifying to be able to state that this work was completed for less money than the offer of the lowest bidder and that the labor was performed by town employees who thus were benefited to the extent of several thousand dollars.

In 1914, believing that a second steam roller would be advantageous and in the end a decided economy, one was hired from the Buffalo Steam Roller Company at a rental of $800 for the season, with the understanding that if same were this year purchased by the Town, the $800 would be considered as partial payment upon the purchase price which was to be $3,600. This

year the roller, weighing twelve tons, was purchased and the balance of $2,800 paid for same.

Fourteen thousand dollars were appropriated this year towards the construction of Summer Street Extension and work was started in the spring by clearing and staking out the roadway and the construction of storm drains and culverts alongside of and under the street. In August, in response to an advertisement of the Board, thirteen contractors entered bids for subgrading a portion of Summer Street Extension, from Forest Street to the Lexington line. The bid of Francis J. Mague of West Newton, being the lowest, was accepted. In September the Board advertised for bids on the section from Brattle Street to Forest Street. Mr. Mague was again the lowest bidder of nine contractors by $1,090; therefore he was awarded the contract.

The way the work has been handled by the contractor has resulted in many delays. The Board has extended the time of completion of the contract on section one to January 8, 1916, and on section two to December 31, 1915. The indications are that the work will not be completed within the given time and the Town may be forced to look to his bondsmen to complete the contract.

There was appropriated $3,640 for the construction of a storm drain from Highland Avenue Easterly in Massachusetts Avenue to a point beyond the Easterly end of the new High School Building and thence through a 36-inch pipe beneath the High School lawn to an outlet into Mill Brook. The cost of this work was $3,633.63. This gives a storm drain outlet sufficiently large, it is believed, to take care of all development that may in the future come on that section between Bartlett Avenue and Highland Avenue.

The total cost of maintaining the stable teams for the year 1915 was $7,024.82, the average cost of maintenance per working day being $1.75 per horse.

The Board has charged the Health Department for use of a horse $1.55 per day, these horses having cost the Highway Department $1.75 per day, a loss of twenty cents per day has resulted. As the Health Department used the equivalent of one horse for 1900 days, the loss to the Highway Department was $380 for the year.

The value of the property controlled by the Highway Division January 1, 1916, amounted to $21,535.31, classified as follows:

Horses, vehicles, machinery and tools	$17,062.21
Buildings and appurtenances	3,100.00
Material available for new work	1,373.10

In addition to the above, material and equipment in charge of the Highway Division owned by the Street Watering Division, amounts to $1169.

The Board recommends to the Town that the sand lot on Mystic Street, near the Winchester line, be sold and a lot near the present Water Works Shop be purchased; new buildings be constructed near Mill Street for all departments so as to concentrate all the supplies and men at one point in the interest of economy and efficiency.

SEWER DIVISION.

The demand for sewers is increasing rapidly and the time has arrived at which the cost of sewers required is greater than can be paid for out of the sewer assessments collected the previous year. Therefore the Board recommends that bonds be issued for the extension of the sewerage system. The Board further believes that the construction of sewers this year is imperative to take care of Sylvia Street, Hibbert Street, Lancaster Road and adjacent streets, also in the area east of Mystic Street and south of Fairview Avenue, and that the cost of this construction be paid for from the sale of bonds. There are other districts in the Town which will require extensions in the near future.

Reference to Tables 4 and 5 will show the details of construction and maintenance for 1915.

Six thousand, five hundred and ten feet of main sewer were laid at a total cost of $7,368.91.

Two hundred and twenty-one house connections have been made with the mains at a total cost of $5,557.13, cost per foot, 54 cents.

The total cost of maintenance for the year was $1,777.68.

The value of property controlled by the Sewer Division January 1, 1916, amounts to $3,225.11, as follows:

Tools and equipment	$504.69
Buildings and appurtenances	400.00
Two pumping plants	1,900.00

SUMMARY OF SEWERAGE STATISTICS.

GENERAL.

Population by census of 1915, 14,860.

Total area of city or town, 5.5 square miles.

Area served by sewerage system, 2.5 square miles.

COLLECTION SYSTEM.

For sewage only, 35.5 miles, includes 3.47 miles Metropolitan sewer.

For sewage and surface water, 0 miles.

For surface water only, 9.53 miles.

Method of disposal: sewerage into Metropolitan sewer, surface water into brooks.

COLLECTION.

Mains. (Everything but house and catch basin connection.)

	For Sewage only	*For Surface Water only*
1. Lineal feet pipe	187,413 feet	49,131 feet
2. Lineal feet extended during year	6,510 feet	1,660 feet

3. Number of inverted siphons, 2.
4. Number of manholes, 733.
5. Method of flushing. Water service at manholes end of lateral lines.
6. Method of cleaning. By special brush drawn from manhole to manhole.
7. Number of automatic flushing tanks, 0.
8. Number of direct connections with water mains for flushing, 34.
9. Number of flushings of entire system during year, 1.
10. Cost of flushing per mile, $10.69.
11. Cost of cleaning per mile, $10.69
12. Number of stoppages, 1.
13. Method of ventilation, manhole covers.
14. Miles of permanent undermains, 3.

House Connections.

1. By whom made, Sewer Division, Board of Public Works.
2. Sizes, 5, 6 and 8 inches.
3. Number made during year, 221.
4. Lineal feet laid during year, 10,292.
5. Lineal feet discontinued during year, 445.
6. Total miles in use, 20.75.
7. Average cost per foot, connections made during year, 54 cents.
8. Number of stoppages coming to attention of department, 48.

Catch Basins.

1. Number, including inlets, 417.
2. Number cleaned, 1198.
3. Average amount material removed per basin, 3 cubic yards.
4. Cost of removing material per cubic yard, 45 cents.
5. Cost of removing material per catch basin per year, $3.89.

Discharge of Sewer.

1. Estimated population using sewer system, 12,800.
2. Number of buildings connected, 2,046.
3. Daily discharge for year.
4. Daily discharge for each user.
5. Daily quantity of factory waste.
6. Daily leakage into sewers.
7. Daily leakage per mile of sewers.
8. Are quantities given under three to seven estimated or measured

Note: See Metropolitan Sewerage Board Report.

General.

Total cost of collecting mains, $320,648.67.

Bonded debt at date, $116,500.

Value of sinking fund at date — general.

Average rate of interest on bonds, 4 per cent.

Proportion of cost of system assessed on abutters, 45 per cent.

Yearly assessment for maintenance, none.

Method of assessing abutters and rate of assessment, as fixed by Acts of 1896, Chap. 282, is 28 cents per lineal foot frontage and 52 to 100 cents per square foot for area within 100 feet of street line.

WATER DIVISION.

Nine thousand, two hundred and thirty feet of water mains were laid during the year at a total cost of $9,954.99 and connected with the Metropolitan system. Two hundred and ninety-nine feet of main were added to the Reservoir system at a cost of $363.04. Details of this construction can be found in Table 6.

The total value of the property controlled by the Water Division January 1, 1916, amounts to $9,839.47, of which $5,508.75 is invested in building equipment and tools, and $4,330.72 in material available for new work.

Services.

Two hundred and fifty-three new services have been added during the year and 22 services abandoned. There are for all purposes 1569 services on the low, 1227 on the high and 12 on the Reservoir system. On the Metropolitan water supply there are 21 services for municipal buildings, included in the above, 22 for street watering standpipes and 33 for sewer flushing purposes. On January 1, 1916, 113 services were temporarily out of use. Thirteen services inside the street line were replaced with cement-lined pipe at the expense of owners.

Meters.

Two hundred and twenty-four meters were set on services installed during 1914 and 1915. One meter was set on service which was previously laid, making the total number of meters set this year, 225. The total number of meters in use January 1, 1916, is 2765.
